# HANCOCK COUNTY EAGLE

TWO, NUMBER 15

BAY ST. LOUIS, MISS., THURSDAY, DECEMBER 21, 1950

SUBSCRIPTION PRICE, \$2.00 PER YEAR

## Season's Greetings

We have reached the happy season  
When we let our worries drop,  
When we cease to think of orders  
And refrain from "talking shop."

But—excuse us for a moment  
While we write a line or two,  
For we still must speak of friendship,  
And that means to talk to you.

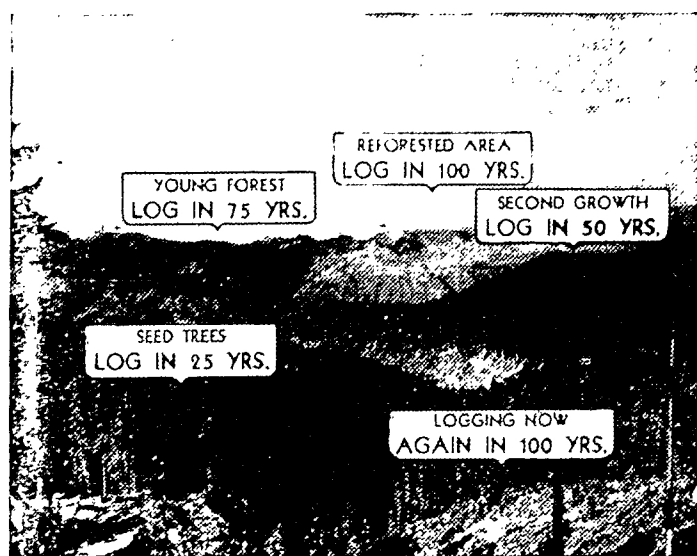

You have helped to keep wheels turning  
As they have, day after day,  
And this message is to thank you  
Very much in every way.

You've been loyal and considerate  
And as now the old year ends,  
We will face the New Year happy  
Since we know you are our friends.

## Wood for Today and Tomorrow

This photograph of a large, scientifically managed industrial forest shows how the wood-using industries of America plan for tomorrow's timber needs even as they harvest trees for the country's current market demands. When protected from fire, insects, and disease, managed wisely, and cut properly, forests quickly produce new supplies of wood.

## ...CAPITOL ACTIVITIES...

BY HELEN LADNER  
Secretary of State

### HINDS COUNTY SELLS BONDS FOR MEDICAL SCHOOL

Hinds County, Miss., has sold \$15,000 in bonds to help pay for the new medical school building at the University of Mississippi. The bonds were sold at a public sale in the city of Jackson, Miss., on Tuesday, December 19, 1950. The bonds were sold at a premium of 101 and 1/2 percent.

### COUNTY AGENTS ELECT AMSLER PRESIDENT

F. P. Ansler, Hinds County Agent, Gulfport, was elected president of the Mississippi County Agents Association. He was elected by a vote of 10 to 2 over W. R. Lomax, Vicksburg. Other officers are J. S. McBeal, Leflore County Agent, Greenwood; and Q. S. Vail, Calhoun County Agent, Osyka. The association met in the Hinds County Courthouse on Tuesday, December 19, 1950.

### CONSTRUCTION AT GLOSTER IS BEGUN

Construction of army barracks and other buildings for use in the new defense program is under way at the Gloster Ordnance Plant in Gloster, Miss. The Ordnance Department estimates an additional 100 employees will be needed to handle the contracts. The buildings will be made in sections which are bolted together at the erection sites.

### HOW TO MAKE IT TOUGH FOR CATTLE RUSTLERS

Colonel T. B. Birdsong, State Commissioner of Public Safety, has issued a list of eight ways in which Mississippi farmers and cattlemen can help cut down cattle stealing in Mississippi.

1. All wire gaps and gates leading

into fields should be locked or done away with.

2. Fences should be checked regularly.

3. Investigate all gunshots.

4. Take description and tag number of all cattle trucks seen parked in fields.

5. Check all trucks near pastures.

6. If all means brand or mark all cattle.

7. Always know the person from whom you purchase livestock.

8. Take tag number of vehicle and license when you buy stock.

9. Always have certificate of bill of sale when transporting cattle.

10. Report all suspicious activity to the nearest law enforcement officer.

### FARMERS MARKET GETS SOMETHING NEW

The Mississippi Central Farmers Market has handled hundreds of varieties of native produce, but this is their first experience with Mississippi-grown bananas. The bananas, the second reported in Jackson, are the first to be processed at the farmers market. This was the experimenters' first success in the attempt.

### TODAY'S CATTLE THIEVES IN MISSISSIPPI OBNOXIOUS

Cattle thieves, in pioneer days, operated on foot or on horse-back—Today these thieves have a new twist to their means of locomotion. A fast pick-up truck with an over-drive gets the modern cattle thief to the scene of the theft in a matter of minutes. The penalty if he's caught—a maximum of \$500 and five years in prison.

A small, but significant, dent in the cattle theft crimes is being made by two special livestock investigators operating out of the office of the State Department of Public Safety. Their offices were created by the 1950 legislature through the influence of the Mississippi Cattlemen's Association. During the five months they've been

investigating cattle stealing and making arrests, they have obtained the convictions of 12 and 19 persons charged with the crime are now awaiting trial.

### INTERNATIONAL PAPER CO. DEDICATES RAYON PULP PLANT

The first dissolving pulp mill in the South designed to employ a new process for producing dissolving woodpulp used in the manufacture of rayon and other synthetic products was opened at Natchez last month. The mill, operated by the Southern Kraft Division of International Paper Company, will have a capacity of 300 tons a day or an annual capacity of 100,000 tons. This output will increase by 14 percent the present estimated North American production of rayon.

### HINDS COUNTY GINNED 16,457 COTTON BALES FROM THE 1950 CROP

A census report shows that 16,457 bales of cotton were ginned in Hinds County from the 1950 crop prior to November 1, as compared to 12,000 bales for the 1949 crop. The report was released by Marguerite B. Hull, District Supervisor for the Bureau of the Census of the United States Department of Commerce.

### VAIDEN KOSCIUSKO ROAD WORK BEGINS

Highway Commissioner Sol Robuck stated that work orders authorizing construction be started on state highway 35 in Attala County on Monday after Thanksgiving. The project was let for \$135,921.05, and the contract time has been set at 175 working days for completion of work.

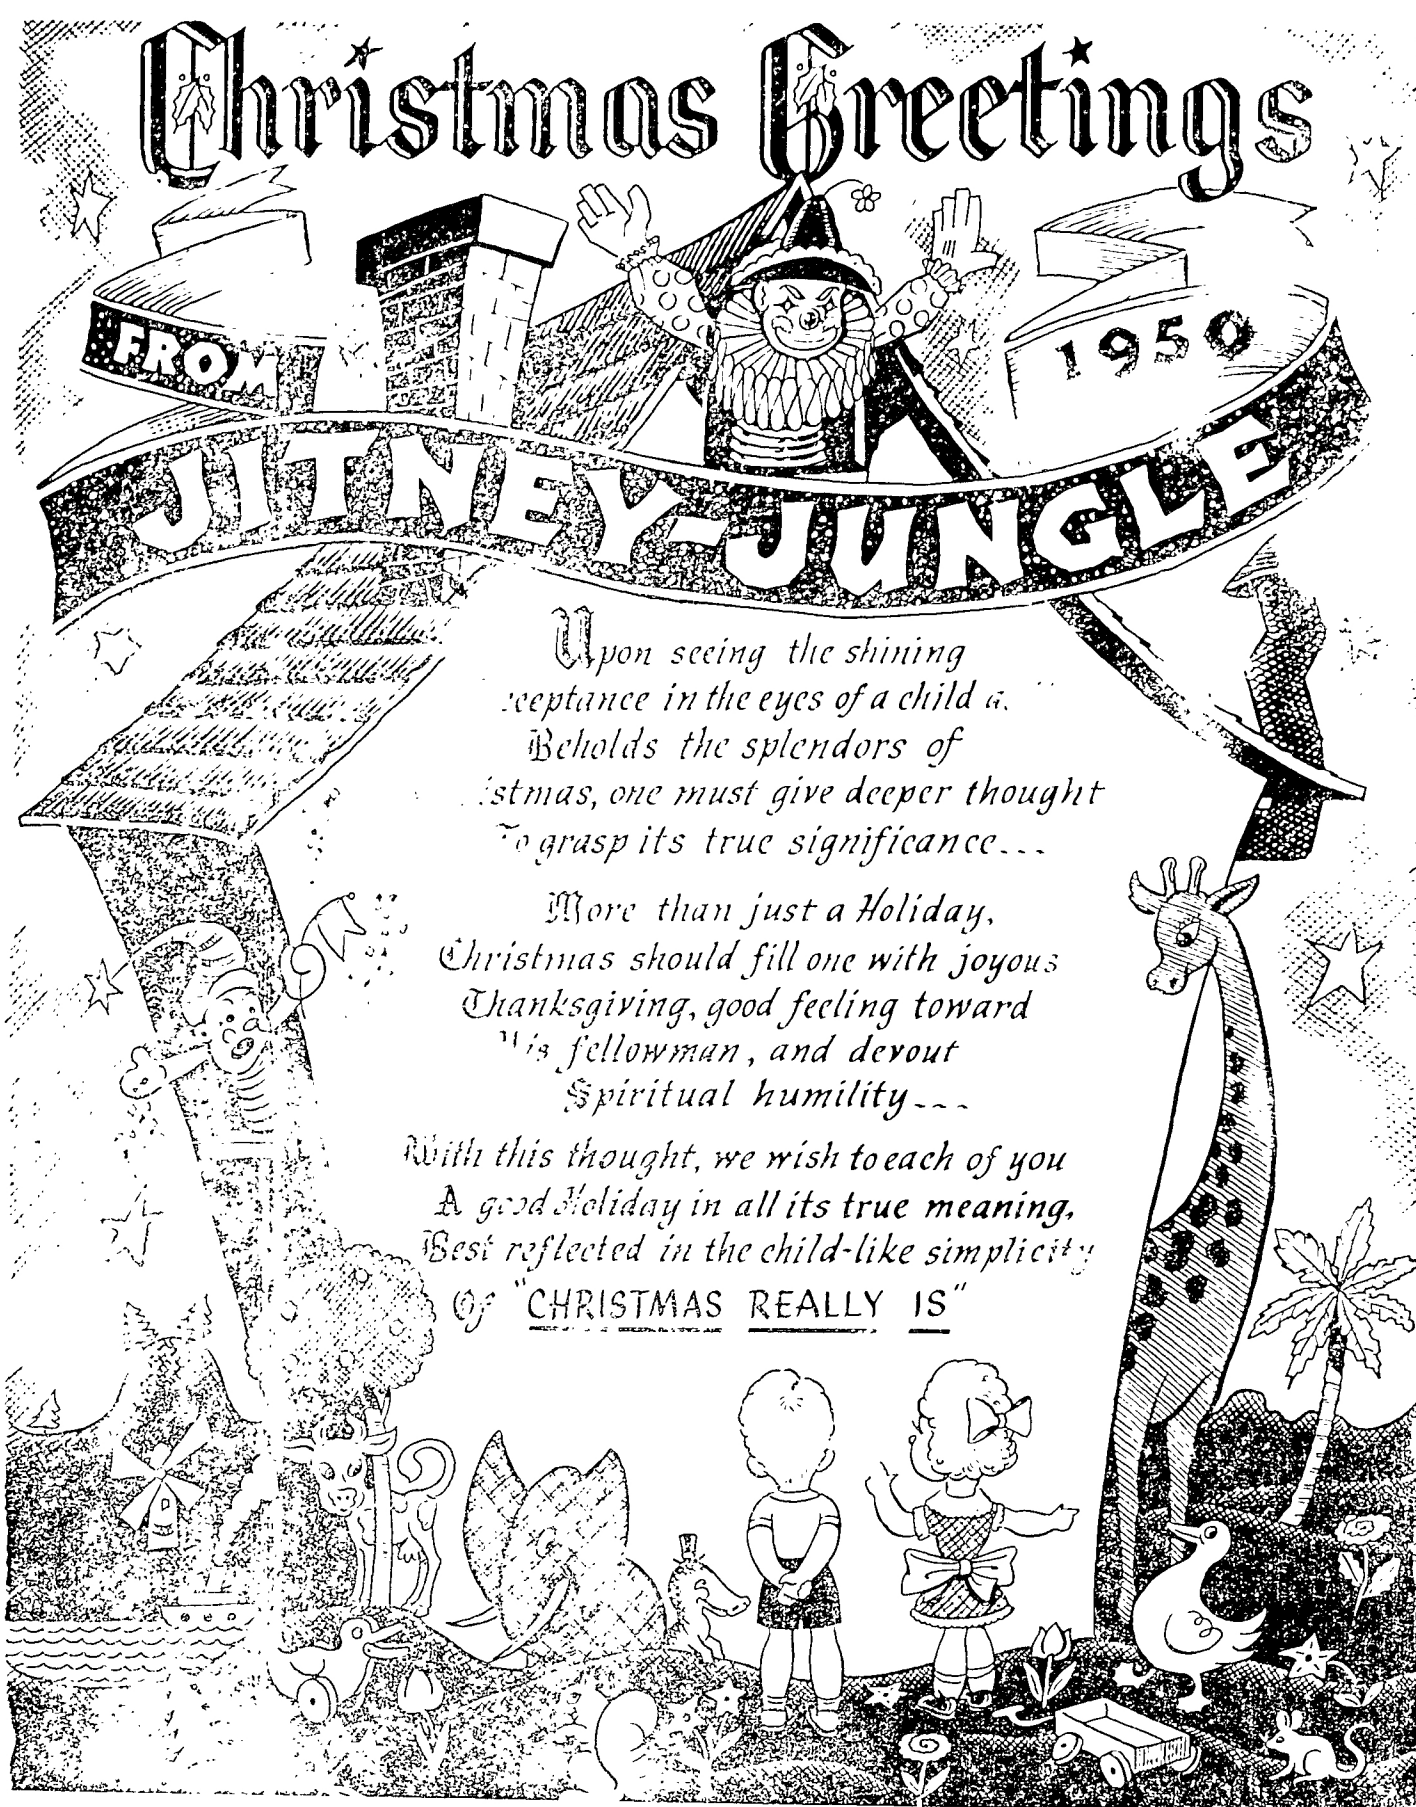

Limits of the job extend from the Attala-Carroll County line south for five miles, and calls for grading, drainage, culverts and other work on the highway between Vaiden and Kosciusko.

### SHELL OIL PLANS UNLOADING DOCK FOR VICKSBURG

The Vicksburg District Corps of Engineers, is considering the application of the Shell Oil Company for approval of plans to construct unloading facilities along the left bank of the mouth of Yazoo River, at a point approximately 1000 feet upstream from the junction on the canal and the Mississippi River at Vicksburg.

### BRANDON GETS NEW CEMENT PLANT

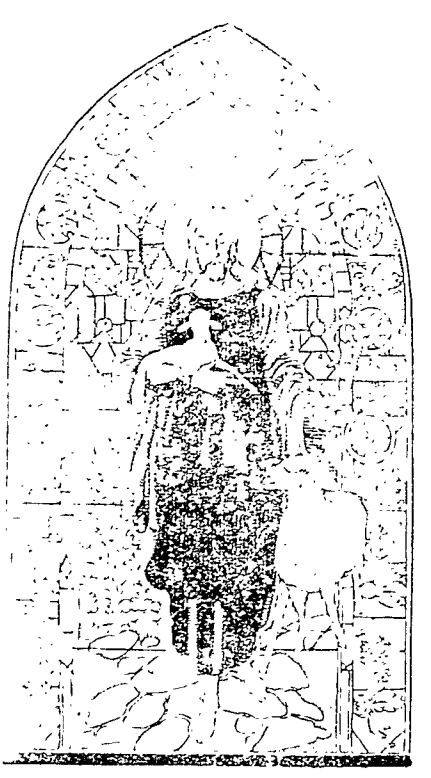

The Marquette Cement Manufacturing Company has announced plans to construct a new \$4,000,000 plant at Brandon, 12 miles east of Jackson. The new plant which is expected to be completed by September 1, 1951, will produce a total of 1,000,000 barrels of all types of portland cement per year, as well as oil well and masonry cement. Marquette as part of the project will also build a dock at Vicksburg, with facilities for transfer of cement from railroad cars to barges on the Mississippi River.

Upon seeing the shining acceptance in the eyes of a child as he beholds the splendors of Christmas, one must give deeper thought to grasp its true significance...

More than just a Holiday, Christmas should fill one with joyous Thanksgiving, good feeling toward his fellowman, and devout spiritual humility...

With this thought, we wish to each of you A good Holiday in all its true meaning, Best reflected in the child-like simplicity of **'CHRISTMAS REALLY IS'**

# HIGH PRICES DRIVE U. S. OUT OF EGG MARKET

Washington—High prices have driven the Agriculture Department as well as some consumers out of the market for eggs.

Officials said the Department has bought none during the last two weeks and less than one-half of one percent of the production during the last two months.

For the year to date the department has bought about six percent of egg production under price support program. The agency buys eggs only when prices drop to about 25 cent a dozen in the Midwest, the surplus producing area of the country. Most of this year's purchases were made by mid-summer.

Its buying has been limited to dried eggs. These eggs are processed chiefly from low quality, ungraded eggs for which there is no consumer market.

Department buying has been heaviest in the late winter and spring. Egg production is largest in this period. It far outstrips consumer demands. For example, hens this year laid 60 percent more eggs in April than in November.

It is this difference in rate of production that is largely responsible for surpluses and low farm prices in the first half of the year and shorter supply and high prices in the last half of the year.

Department holdings of dried eggs are available for consumer markets but there is no demand for them. Some of the dried eggs have been sold abroad at very low prices. The department now holds about \$2,500,000 pounds.

The department surpluses in the dried form, officials said, because eggs being highly perishable—can be kept for long periods only in that form. Furthermore, the type of eggs it buys—being of low grade and quality—would not be suitable for storage in any other form.

Officials said several factors contributed to current high prices. Beside the low level of production, they include (1) heavy buying for the armed service (2) inability of some producing areas to get supplies to market because of storm conditions, and (3) depletion of cold storage stocks of shell eggs.

Officials said the cold storage industry undoubtedly would have stored more eggs from the surplus production last spring if it had expected prices to rise as high as they have.

Department experts expect a sharp drop in egg prices next month. Production will begin its seasonal increase then. Furthermore, the department has announced it will not support egg prices after the end of this year.

## PRICE HIKE NOTED IN FOOD ITEMS

Egg prices took a Humpty-Dumpty spill in many cities this week, but changes in other foods were mostly upward.

Beef items, some cuts of pork, canned coffee and several fresh vegetables were higher.

The drop in retail egg prices was very irregular across the country. In some cities, like New York, Philadelphia and Pittsburgh, the reduction ranged as much as 16 cents a dozen. But in others the declines were much smaller, and in some top grade eggs at mid-week were still being quoted a few cents above last Friday's levels.

Several factors confused the egg price and supply situation. Sharp price gains last week were blamed on storms which delayed shipments of eggs to terminal markets, heavy military buying in the Mid-west, depletion of cold storage stocks, and most of all, brisk consumer demand.

Several beef items advanced two to six cents a pound in many stores this week, while pork was generally unchanged to four cents a pound higher and lamb, veal and poultry held about steady.

Several leading roasters of nationally-advertised brands of vacuum-packed coffee marked up wholesale prices two cents a pound, to reflect higher replacement costs of green coffee.

Unfavorable cold weather which reduced receipts of fresh vegetables from several states was blamed for most of the price boosts this week in the pro-

duce departments. Higher in most stores were snap beans, good quality broccoli, brussels sprouts, cabbage, cauliflower, cucumbers, eggplants, peas, peppers and squash.

Slightly lower were lettuce, carrots, celery and most citrus fruits.

Mrs. Leo Ford, Miss Kay Ford, Mrs. B. A. Blaize and Mrs. Ed Arceneaux drove to Mobile on Tuesday to spend the day with Mrs. Fred Collins, the former Thelma Namais of Bay St. Louis.

On Thursday, December 21, Mrs. R. C. Armitage will be hostess at a Chow Mein Wren luncheon at the Pines in honor of Miss Kay Ford. Fifteen guests will be included in the invitations.

Mr. and Mrs. C. Drewry Blair and Mr. and Mrs. Clay Blair, Jr., were guests of Mr. and Mrs. James L. Crump at Holly Bluff on the Jordan for dinner on Tuesday evening.

Mrs. Louis Holmes left Thursday for Fort Jackson, Columbia, SC where Lt. Holmes has been stationed. She will remain during Lt. Holmes' tour of duty there.

Usually the man who waits for a woman, waits.

CHRISTMAS JOY

May heaven and nature sing for you this season.

# TEACHING BY TV MOVES CLOSE TO REALITY IN TEST

Baltimore—Teaching by television permits teacher and pupils, miles apart to see, hear and talk to each other.

It retains the personal contact element in teaching—something that most television-education programs now lack.

The method was demonstrated by a sixth-grade geography teacher and class for persons attending a TV-Education Clinic sponsored by Station WBAL-TV.

There was a camera and receiver in front of both the instructor, Mrs. Bar-

bara Long, at the studio and her students at the school. In that way, Mrs. Long could ask and answer questions and observe her pupils' reactions.

On the TV receiver, the split screen—technically known as a "horizontal wipe"—showed both Mrs. Long and the students. Since the program was carried on the station's regular channel, that permitted anyone sitting at home to check up on TV-education at work.

After class, the pupils were eager to express their enthusiasm for learning by television. Some spoke of how it would help "shy" boys and girls who can't go to school, but are able to read and write and study."

One boy remarked:

"If this keeps up, they'll have one teacher teaching ten classes."

Adults at the clinic also foresaw useful applications for the technique.

Charter Haslep, chief of the atomic energy commission's radio and television branch, felt it would be a valuable means of instruction in fields relating to atomic energy now that much material on the subject has been declassified.

Interest in the method also was shown by representatives of the armed services and the US Department of Education and delegates from several eastern cities who attended the clinic.

We send our simple but enduring respects this season.

And hope this Christmas is one you can cherish forever.

By Dorothy Boys Koltan

IT WAS CHRISTMAS EVE and the town was in a festive mood. The children were excited about the coming day. The school children were singing carols and the adults were preparing for the celebration. The town was decorated with lights and garlands. The children were playing in the snow. The adults were talking about the coming day. The town was in a festive mood.

"Mom, I want to go to the store," said Ralph. "I want to get some things for Christmas."

"All right, Ralph," said Mom. "But don't forget to get something for Dad."

"Thank you, Mom," said Ralph. "I'll be right back."

He picked up the shiny black engine carefully and turned it over and over. He put it up to eye level and peered into its workings.

His socks and ties and handkerchiefs that match! What does he know about motors?"

"Rick!" Mom reproved. "Oh, I know you all think of him as an outsider," Wilma said. "If you only really knew him better! Mom, I do wish you'd let me ask him to breakfast tomorrow."

"I'm sorry dear, but I just don't think he'd fit in."

The doorbell rang. Wilma answered it and she and Ralph exchanged happy hellos.

Rick immediately threw out the challenge to the tall, blond, well-dressed young man. "We can't make this train go. Can you tell what's wrong with it?"

"Maybe," Ralph said quietly. "I used to have a train something like this."

"Look out, that cotton batting stuff will stick to your trousers," Dad warned.

"That's snow, and the snow around here is clean."

Dad looked slightly startled.

Wilma smiled. She remembered how impressed Ralph had been by the whiteness of the drifts even on Main street last night.

"The flakes are practically sooty before they even reach the ground in Chicago," he had said.

"Tracks are O.K.," Ralph straightened up. Then he picked up the shiny black engine carefully and turned it over and over. He put it up to eye level and peered into its workings.

"The professional touch!" Rick muttered.

"There may be oil in the commutator," Ralph said. "That sometimes happens with a new engine. I'll see if I can get it out."

"I'll get you a rag, Ralph, just a minute," Wilma got up and started for the kitchen.

"Never mind, this'll do," Ralph answered, pulling his perfectly folded wine-colored handkerchief out of his jacket pocket.

He worked quietly for a moment, gently poking the corner of the handkerchief into the inside of the engine. Then he set the engine carefully down on the track and said, "Turn on the juice, will you Rick?"

Rick meekly moved forward the black lever at the transformer. There was a whirring sound, the wheels began to move, and the little puffer-billy whizzed and clacked around the curve.

"Praises be!" Dad heaved a loud sigh of relief.

Ralph quietly got up from the floor and turned to Wilma. "Maybe we'd better go now, if we want to catch the gang."

"All right, Ralph," Wilma said. Her eyes turned pleadingly to Mrs. Reed. "Mom—"

"Oh, yes, Wilma," Mom interrupted. Turning to Ralph she said heartily, "In all the excitement we almost forgot to ask you to be sure to come over for late breakfast with us tomorrow. It's just a simple family affair, but we surely would like to have you with us."

"You bet," Dad's eyes twinkled. "Something might go wrong again and we'd feel safer with you around to fix it."

If you get rid of envy you will be surprised to see how many nice people there are in your community.

Nothing increases the admiration of children for their parents like a large estate for division among the heirs.

There is no use trying to regulate the world—unless you first demonstrate that you can regulate and control yourself.

#### B-W GARDEN CLUB HAS ARBOR DAY PROGRAM

The Bay Waveland Junior Garden Club, with Mrs. Ben Hille, as chairman, celebrated Mississippi Arbor Day December 8 on the grounds of the Webb School with many parents and friends and the school children participating.

The Pledge of Allegiance was first on the program followed by "American Way" sung by the entire student body. A theme written by the school children entitled "Pine Trees" was read by Inez Lewis and a song "Pine Trees" was sung by the school children. Noeline Sumers recited Joyce Kilmer's "Trees" and "Arbor Day" by Marcell Snyder was recited by Marian Kennedy.

This part of the program preceded the planting of three pine trees on the front lawn of the school and Mr. Dan Russell said a few words on trees and then introduced Mayor Warren Carter who spoke on trees and what they mean to us.

The children entered into the spirit of the day and thoroughly enjoyed their part in the program.

#### SOME BOLT

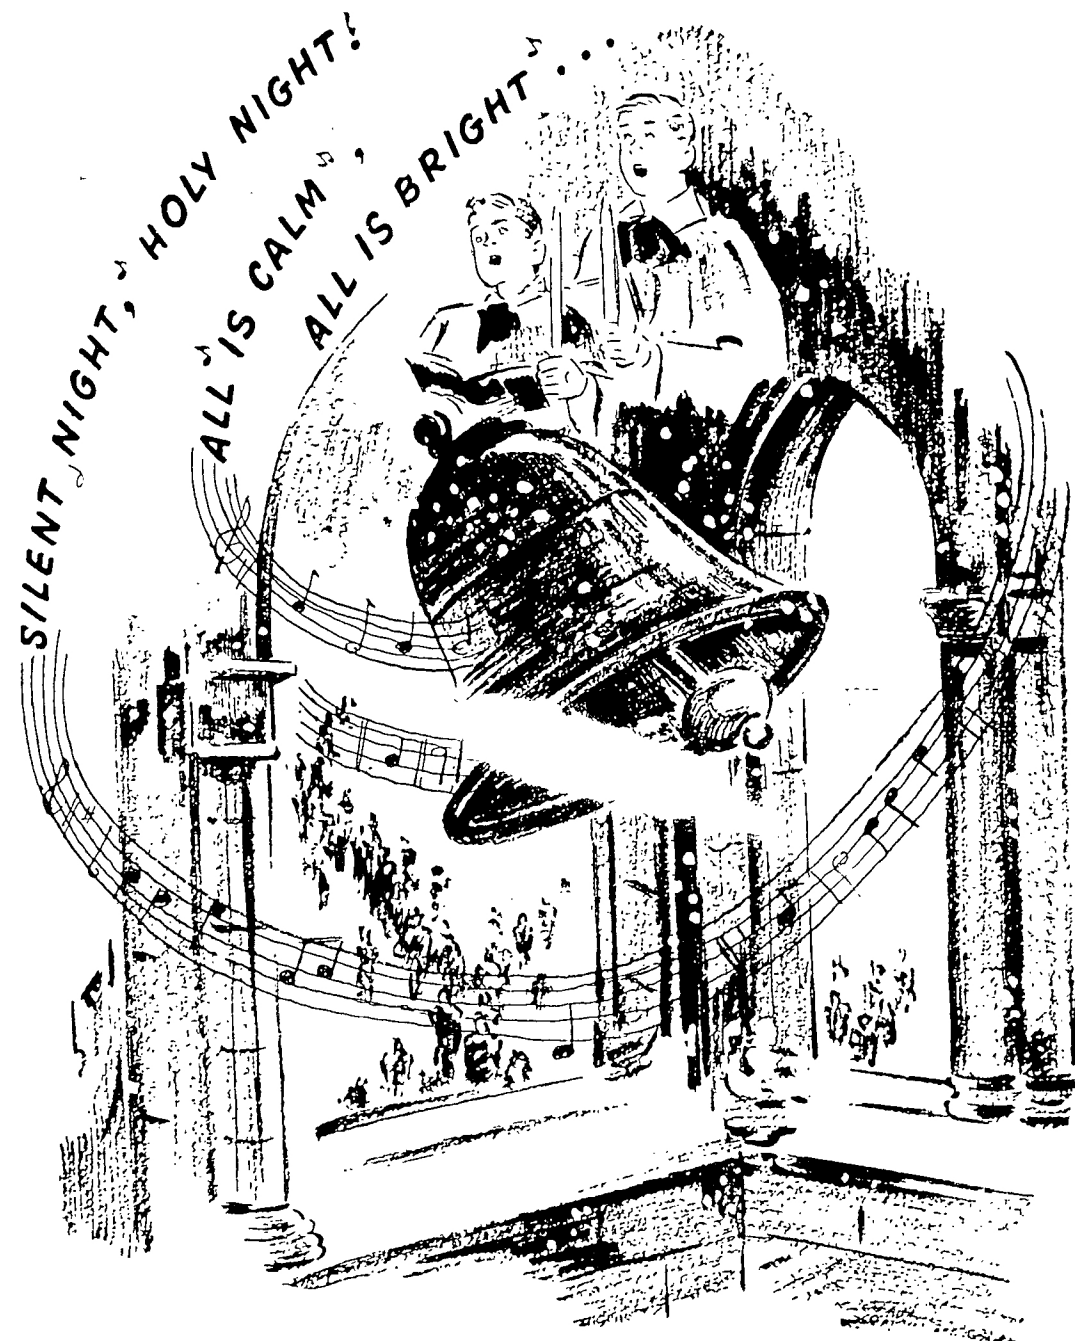

Chittenango, N.Y.—Lightning struck the home of Mrs. Fred Olmstead and split a desk at which she was sitting. After doing considerable damage to the house the bolt ripped 200 feet to a barn and temporarily knocked out twenty cows. Mrs. Olmstead was uninjured.

Passing a law is not the same thing as apprehending the Communists that work against the United States.

We will have better government when we have more intelligent voters and there is no other way.

**FAHEY DRUG CO.**

"Silent Night, Holy Night, all is calm, all is bright,  
Round yon Virgin, Mother and Child,  
Holy Infant, so tender and mild,  
Sleep in Heavenly Peace, Sleep in Heavenly Peace."

Carolers passing in the soft new snow at night-fall. The glowing cheer of lighted Christmas trees behind each frosted window. Bells—little bells on the sleighs, middle-sized bells in the hands of street-corner Santas, the great bells in the steeples—rhyming their happy harmonies. All these bring back joyous Christmases remembered and read about . . . in Dickens' England and Shakespeare's England and Whittier's America and in our own wondrous childhood recollection. And these, in turn, become a part of this wonderful Christmas of 1950—yours and ours.

## SEVENTEEN POWERS OF PRES. TRUMAN

Washington, Dec. 21.—President Truman would have power to seize and operate if he chose all American radio stations and their communications facilities upon the proclamation of a national emergency.

He could also, as a war foreigner, extend the 100-hour defense workers act to all American merchant vessels.

A group of 17 powers he said would be available to him in an emergency is set forth in the following list. The list was made available to a reporter.

1. He could suspend the production or distribution of explosives in the U. S.

2. He could extend the 100-hour work and eight-hour day of War Department (SIC) laborers and mechanics with time and a half for overtime.

3. He could suspend regulations of Federal Communications Commission as to radio stations or close or assume control of stations.

4. He could suspend rules and regulations applicable to facilities or stations for wire communications, close and remove the apparatus and equipment of any such facilities or stations, and authorize their use or control by the government upon compensation to the owners.

5. The Secretary of the Army is authorized to revoke leases of real and personal property, which property was not surplus but was not currently in use at time of lease.

6. Take measures for the safeguarding of ports, harbors and shipping by regulating the movement and/or taking controls of foreign flag ships in territorial waters.

7. May extend beyond eight President Roosevelt's pre-World War II proclamation.

8. May suspend provisions of eight-hour law as to contracts with the U. S.

9. May suspend certain provisions of law relating to wages of laborers under public building contracts.

10. May arm American vessels.

11. Advertising for bids may be waived and contracts may be negotiated.

12. May appoint additional generals and flag officers.

13. May suspend mandatory retirement or separation of regular Army officers.

14. Maintenance of instruction camps for members of the reserve officers training corps for more than six weeks in any one year.

15. Authorize secretary of the Army to rent buildings in the District of Columbia necessary for military purposes.

16. Use for public defense certain lands transferred to the territory of Hawaii.

17. Increase the number of Army general staff officers and Army staff officers.

**Impose Excess Profits Tax On Southern Bell Tel. & Tel. "With Great Caution"**

Hal S. Dumas of Atlanta, president of the Southern Bell Telephone and Telegraph Company, recently told the Senate Finance Committee that if an excess profits tax is imposed on all industry, it should be applied to the telephone business "with great caution to avoid damage to the effectiveness of the communications service at a time when the country must have the best service of its history."

Speaking on behalf of Bell Telephone Companies, Mr. Dumas declared that the telephone companies today have the threefold objective of providing emergency defense communications, furnishing adequate and speedy telephone service, so that national production can be expanded, and meeting the telephone requirements of the civilian population, including those in the rural areas, "so as to help maintain their morale in the all-out effort which everyone must make to reach the highest possible peak of production."

"These must be our objectives," Mr. Dumas said, "and we are asking that the taxes on our industry be imposed in such a way that we can meet them."

Emphasizing that the communications industry does not want "undue earnings," the telephone executive said, "our earnings have been at just about the lowest ebb in the history of the business." He attributed this to the fact that labor and material costs have increased about fifty percent since the war while the overall increase in the price for telephone service has been only 17 percent.

Mr. Dumas told the committee that the communications industry wants to carry its full share of whatever tax burden is required. He noted that already taxes, including excise taxes, averaged \$2.50 per month per telephone "which is equivalent to more than 25 percent of the amounts collected from customers."

Asserting that telephone companies are strictly regulated and are not permitted to make excess profits, Mr. Dumas declared that from a "strictly logical standpoint," an excess profits tax should not apply to telephone companies. He recommended, however, that if the telephone industry is to be subject to an excess profits tax, the proposed bill should be revised, so that telephone companies will be allowed earnings of 7 1/2 percent on total capital before the tax is applied.

"The telephone people of this country are intensively proud of their ability to serve this country as no other country is served," Mr. Dumas said.

"They are depending upon the wise leadership of this committee to pass tax legislation which will not make their job impossible."

If you are smart you sense the fact that you are often reading a blurb in the news and in the magazines.

The man who extends favors acquires an importance only in the minds of those who receive them.

## FIND DRUG TO CONQUER ELEPHANTIASIS

Los Angeles—Possible conquest of the dreaded tropical disease elephantiasis is in sight after experiments with a newly developed drug, hetrazan, according to a University of Southern California scientist.

Dr. John F. Kessel, chairman of bacteriological research at the USC school of medicine, returned from a 15,000 mile trip through the South Pacific to study elephantiasis.

The university and the French colonial served began a filariasis control program at Tahiti in 1948 with Dr. Kessel as director.

The results of experiments at Tahiti, Dr. Kessel said, indicate the disease, which causes grotesque swelling of body members, may be controlled soon.

In one area on Tahiti, filariasis was stamped out almost entirely in one year through the use of mosquito control and hetrazan, he said.

Filariasis, he explained, is carried by mosquitoes, which inject the larvae of the thread-like, disease-carrying worm in humans. The larvae is dormant for five years. When it matures it discharges its larvae into the blood stream,

causing blocking of the lymph glands. During World War II, thousands of American service men in the South Pacific were infected mildly with filariasis but only six developed elephantiasis, Dr. Kessel said.

About 40 percent of Tahiti's 35,000 residents more than 50 years old have filariasis organisms in their blood, he reported.

Dr. Kessel said hetrazan cleared the blood stream of the organisms. Patients who underwent a one-week treatment with the drug were found to be reticently free of worm larvae when tested a year later.

Approximately 10 percent of those infected with filariasis eventually de-

velop elephantiasis. When scientists have conquered the disease at Tahiti, Dr. Kessel said, they hope to launch a campaign to rout it from other South-Pacific areas. Africa and Indo-China.

## NEW CAR PRICE LID FORESEEN SOON

Washington—President Truman faced his first sharp rebuff on voluntary stabilization recently and was reported about ready to go ahead with limited price and wage controls.

New cars may be first on his control list.

The auto industry has set Mr. Truman's stabilizers back on their heels by refusing to cancel price boosts already announced or to forewear others still to come.

Mr. Truman called in a second group of congressional leaders for more talks on what steps he must take to gear the economy for a "sharp stepup" in mobilization. He was almost sure to say something about automobiles.

Congressmen who attended a two-hour White House conference said Mr. Truman has made up his mind to declare a national emergency. The question now is how far he should go to back it up with action.

## New York Claims Santa Claus to Be Its Private Property

While the claim may cause the rest of America to bristle, New Yorkers insist that Santa Claus is primarily New York's own. Not only did he land in Manhattan with the Dutch settlers, they point out, but for almost two hundred years he never took his activities or presence out of New York state.

The New Yorkers advance some interesting points to bolster their contention. They declare that in the general company of Washington Irving, James Kirke Paulding and Clement Clarke Moore, Santa Claus gradually lost the grim, stern aspect he wore when he arrived with the Dutch settlers to the bulging, benevolent mien he now offers.

It was in New York, too, they assert, that Santa acquired his reindeer sleigh and his habit of arriving on Christmas instead of on the Dutch St. Nicholas eve (December 6). And thus, in his New York panoply, he finally found his way to all parts of the United States, England and even Australia and India.

Indeed, as the New Yorkers will tell you, New York, as New Amsterdam in the beginning, was dedicated to Santa Claus, or St. Nicholas, by its Dutch founders. For Santa Claus or Sinterklaas, as it is sometimes written in Holland—is of course only the centuries-old pet name which Dutch children gave to their patron and gift bringer, the good Bishop St. Nicholas. And it is said that the ship which brought the first Dutch children to Manhattan island bore his face as figurehead.

From the first, too, his special day of December 6, was set aside with Christmas, New Year's, Easter and Whitsuntide, as one of the five chief holidays of the new colony, just as it had been in Holland.

So, year after year, as regularly as St. Nicholas eve came around in New Amsterdam, in Breuckelen (Brooklyn), in Fort Orange (Albany) and many other hamlets above the icy Hudson, the children in every good Dutch family gathered in expectant circle. For weeks beforehand they had learned their lessons and helped with the milking and churning in an agony of good behavior. And now, all ready, they sang their song to Santa Claus.

In the midst of the song would come a knocking at the door and in would stride Santa Claus, himself—not round and jolly, but solemn and majestic in trailing robes. In one hand he might have a basket of presents or a purse, but in the other was sure to be a birch rod—an awful warning to a naughty boy.

Santa questioned each child in turn about his behavior in the year just past and gave him a pat of approval or a warning shake of the head, as the record indicated. Then, bidding them all look for presents in the morning, the good saint suddenly flung a handful of lollipops into the room and, in the ensuing scramble, vanished into the night. Then the children set out their sabots, or later the great blue yarn stockings made for the purpose.

However he did it—and the tale varies in many lands—Santa Claus got about, for in the morning over the hearth steaming with waffles and sausages and other good Dutch fare, were the blue stockings bulging with apples, balls, dolls and tops.

## Away in a Manger

The Stable of Bethlehem did not in any way resemble the airy porticos—complete with plaster of paris animals and adoring shepherds—so dear to the heart of modern Christendom.

With comfort increasing throughout the western world, the poverty of the Nativity scene simultaneously startles and fascinates us—as perhaps Matthew, the publican, was impressed by the story of the Wise Men; and St. Luke, who had been a ship's doctor and probably knew very little about shepherds, was charmed by the shepherds abiding in the field.

There was no room in the inn that night, so Jesus was born in a stable, a place of shelter hewn into a rocky ledge of the Judean countryside. It was cold and dark and damp, and Judean travelers—frequently put up in such caves—welcomed rather than disdained joint tenancy with beasts because the breath of the cattle and the heat of their bodies provided a little warmth, while the guests inside the inn had no heat at all.

The cave, which was the birthplace of the Saviour, is now a grotto beneath Bethlehem's Church of the Nativity; and though fascinated by the simplicity of the original Nativity scene, Christianity has been unwilling to maintain its poverty and has covered the entire surface with costly ornamentation.

Reservations are being made at the Yacht Club for the second annual New Years Eve party to be held from 9:00 p.m. until 2:00 a.m. on Sunday, Dec. 31.

Dr. and Mrs. Hartwell Eldredge, Mrs. Walter Gex and Jody Gex spent last week end in Abbeville, La.

Miss Winnie Eskridge and Mrs. Rudolph Hertzberg who have been staying at the Reed Hotel were guests of Dr. and Mrs. Ernest Samuel Saturday night.

## JET PILOT BOUNCES ALL OVER COUNTRY ON KOREAN MISSION

Tokyo. Lt. Roscoe Anderson of Belmont, Calif., was barreling along in his F-80 jet when he hit a hill and bounced into the air.

The controls jammed but the jet flew. Anderson managed to work the controls to swing five degrees to the right or left. But he could not gain altitude.

He headed for home, but two more hills, bouncing into the air.

He rammed through a low-hanging cable. He flew 100 miles, directed by his wingman, Lt. Leonard Levin of Oakes, Mich., who radioed instructions about the terrain ahead.

Anderson landed his crippled craft, almost out of fuel, on a beach. The landing knocked him unconscious.

Levin also low on fuel, radioed the Air Force control center of Anderson's plight, then headed home.

The injured Anderson wound up in friendly South Korean hands. They took him to Haegu, northwest Korea, in a truck. Haegu had been ordered evacuated 12 hours earlier but three American Army officers awaited him there.

"I don't know how they knew I was coming, but I'm sure glad they waited," Anderson said.

He was taken by train to an Army hospital and then ordered to southern Japan for a rest leave.

One of the first things he did on reaching safety was to tell Levin:

"I expect to be a father in February and, if we have a boy, I'm going to name him Leonard for you."

# TELEPHONE FISHING; A SERIOUS UNLAWFUL ACT IN MISSISSIPPI

Citizens Can Help Fight And  
Stamp Out This Scheme  
Before Too Late

"Telephone fishing" has aroused a storm of interest throughout Mississippi since its inception in the central part of the state during the summer. Wardens of the commission have been working overtime attempting to apprehend the violators of the regulations governing methods of taking non-game gross fish. A total of fifty-five have been prosecuted for "telephone fishing" located in the following counties: Harrison 3, Greene 2, Hinds 5, Jackson 5, Lauderdale 3, Lawrence 3, Leake 7, Marion 3, Monroe 8, Neshoba 5, Perry 2, and Rankin 9.

They have paid \$775.00 in fines for using the illegal methods of taking fish. At Columbia, in Marion County a public mass meeting was held to ask the support of the public in an attempt to bring violations to a halt. Approx-

mately 160 men attended the meeting. Talks were made by representatives of the State Game and Fish Commission, who explained the damage that could result to the non-game gross fish population of the streams of the state if the practice continued.

The meeting was called by the Marion County Wildlife Conservation League and was presided over by president Tom Watts, Columbia merchant. Although the meeting was called by the county league it was open to the general public and many attended who were not members of the league.

President Watts appealed for the support of the sportsman to aid the Game and Fish Commission wardens in their endeavor to enforce the regulations. "We must recognize," he said, "that support of rules and regulations designed to keep the supply of game and fish in Mississippi must come from the hunters and fishermen themselves if we are to continue to save hunting and fishing."

Several short talks were made by justices of the peace who were present at the meeting and they emphasized that as officers of courts established to try offenders of state laws they would

certainly carry out the terms of the law and impose fines upon all convicted in their courts of violation of game and fish laws.

The meeting which was widely publicized drew attention all over the state. Comments from every section of the state show a widespread interest in the efforts of the Game and Fish Commission to stamp out this illegal method of taking fish.

In some sections there has been criticism of the publicity given this meeting and the methods of taking fish. Some have claimed that the Game and Fish Commission is thus guilty of demonstrating how the electrical device system works.

As soon as the use of the electrical devices became known to the personnel of the Commission immediate steps were taken to bring all offenders that could be caught to justice.

The Illinois Central Railroad has lost five telephones of the hand crank type which were used to route freight trains in the yards, four at Jackson and one at McComb. One remaining phone in the Jackson yards was taken down by the railroad to keep it from being stolen.

Residents of Hancock County are asked to band together as has been done in Marion County and other parts of the state to fight this vicious racket. The game wardens and other state wildlife officials need all our help to stop this latest outbreak of law-breaking on our rivers. If every fisherman now running up and down our streams would keep an eye out for such violators, we could soon lick this problem. Ask your warden how you may help. Report all signs of suspicious activity; any theft of the crank type phones. Stealing is wrong in any form—and we are being robbed of our fish.

Director of Conservation R. M. Freeman of the Commission stated "The extent of so called 'telephone fishing' or using electrical devices to shock fish and remove them from the streams has reached the point where it is felt that the support of the public must be obtained in order to stop the practice. The mass meeting called at Columbia by the Marion County Wildlife Conservation League points up one of the most valuable services that an organization of sportsmen can render to the conservation of wildlife and fish. After all we can only win convictions in court when the public believes that such practices are unwise and should be stopped. I am glad to report that there is every reason to believe that the use of such electrical devices in shocking and taking fish has slowed down in Marion County area since the public meeting held on the evening of October 31. As head of the law enforcement activities of the State Game and Fish Commission I want to commend the Marion County league for calling the meeting, and the justices of the peace in that county who have let the public know their stand on the question."

## MISSISSIPPI GIRL IS CHOSEN

After winning first place in Mississippi in the 4-H Club yard beautification project, Betty C. Garner, Columbia, Mississippi, was selected Monday as one of the top eight in the nation during National 4-H Club Congress. In her yard beautification work, Betty has had flowers in bloom most of the year. An outdoor living room is a feature of her yard improvement.

## 36-MEMBER ADVISORY COMMITTEE APPOINTED FOR MARCH OF DIMES

The names of a thirty-six member State March of Dimes Advisory Committee were released today by Dr. Felix J. Underwood, State Health Officer who is serving his thirteenth year as State March of Dimes Chairman. The 1951 March of Dimes Campaign is scheduled January 15-31.

In announcing the Advisory Committee membership, Dr. Underwood said, "In my efforts as a volunteer on behalf of this worthy cause, I have enjoyed the enthusiastic support and hard work of thousands of volunteers throughout the State. The results of our united efforts in terms of service to polio patients are most gratifying. Mississippi now has two modern polio treatment hospitals in Vicksburg and all of our patients are assured of adequate hospital and medical care. The March of Dimes has made this possible without the necessity of imposing a financial hardship on anyone."

This year has brought the largest number of polio cases ever recorded in a single year in Mississippi, according to Dr. Underwood. By the end of November, 375 cases had been reported.

The March of Dimes Advisory Committee will assist Dr. Underwood in planning and directing campaign activities in the State. The committee is composed of the following:

Mrs. L. W. Alston, Hattiesburg; Bruce C. Aultman, Hattiesburg; Mrs. Thomas L. Bailey, Jackson; Walter R. Bivins, Jackson; Roy Black, Nettleton; Mrs. Annette S. Boutwell, State College; Miss Minnie Chesteen, Winona; Dr. R. C. Cook, Hattiesburg; Tom Q. Ellis, Jackson; Most Rev. Richard O. Garow, Jackson; Ralph Godwin, Jackson; Rt. Rev. Duncan M. Gray, Jackson; Dr. B. S. Guyton, Oxford; W. L. Hines, Hattiesburg; Mrs. J. V. Holladay, Vicksburg; Heber Ladner, Jackson; Rabbi Meyer Lovitt, Jackson; Dr. R. A. McLeomore, Hattiesburg; C. L. Milling, Ruleville; Mrs. Charles Neal, Jackson; Mrs. Elizabeth O'Bannon, Greenville; Miss Jane Pryor, West Point; Mrs. S. D. Spann, Brandon; Miss Katherine Staley, Meridian; E. A. Tanner, Indianola; Dr. L. O. Todd, Decatur; J. M. Tubbs, Jackson; W. E. Watts, Brookhaven; Ben Weiner, Kosciusko; Dr. D. M. Williams, McComb; Mrs. Milton Fridge, Jackson; Mrs. J. Russell Bailey, Coffeeville; J. Oliver Emmerich, McComb; Carl Walters, Jackson; Greenville Walters, Laurel; and T. E. Williams, Clarksdale.

## CURRENT COLD WEATHER LIKELY TO CURB INSECTS

The 1950 crops were hard hit by wide infestation, but frigid temperatures over the weekend are expected to be of great benefit to the cotton farmers of the Mid-South in their fight against a heavy infestation of boll weevils and other insects in 1951. Mississippi State Plant Board officials saw the weather as a help in fighting the sweet potato weevil, which was getting out of control in Mississippi.

Merry Christmas!

The kissing branch is hanging high,  
The mantel's banked with pine;  
And clear against the frosted pane  
The Christmas candles shine.

Far off the church bells bless the air  
With wind-blown, silvery chime;  
May Joy and Peace be with us all  
This happy Christmastime!

## WARM CHRISTMAS WISHES FROM ALL OF US TO ALL OF YOU

It has been a pleasure to serve you during the past year... and we hope that your Christmas will be one of inner peace and outward merriment... that your New Year will be a full year of happy achievement.

**Dickson Drug Co.**

Nearly twenty centuries have passed since men were asked to lift up their hearts and follow in the footsteps of the Christmas Child. The simple pastoral life of those days has long gone, replaced by a complex industrial civilization. Yet, mankind, on Christmas, still turns to the lessons of the first Christmas to seek peace within its hearts. Jesus still bids us "Love ye one another."

BAY HIGH TEAMS IN CANDY BOWL SATURDAY, DEC. 30

## Sidelines Club Fetes Stanislaus Football Players and Members

Sidelines club and the Stanislaus football team at a banquet held in the new dining hall Tuesday night.

Every member of the Stanislaus football team was invited to a banquet held in the new dining hall Tuesday night.

Mr. Henry Frick, head coach of Stanislaus University, was the principal speaker. He was followed by Coach Thomas and assistant coach Power.

Mr. L. H. Kenney, returning president of the Stanislaus Alumni Association, also spoke at the banquet.

The football schedule for 1951: Sept. 14, Foley; Sept. 21, Fort...

Those who received letters are: Albert Burns, Senior, tackle; William Blake, Soph., end; John Caruso...

Paul Palermo was the recipient of a trophy as the outstanding Senior line...

Reservations are being made now for the Bay-Waveland Yacht Club to be held Sunday, Dec. 31 from 9:00 until 2:00 a.m.

The house committee has limited reservations to three hundred fifty.

It is expected that there will be a capacity crowd both for the dinner, which will be \$5.00 per person including favors and party hats, and for the dancing later.

## Bay-Waveland Garden Club Has Regular Meeting At Home of Mrs. Oliver Radford

One of the largest meetings of the Bay-Waveland Garden Club was held at the Christmas meeting on Thursday, Dec. 14, when approximately 55 members attended at the home of Mrs. Oliver Radford on North Beach.

The meeting was opened by Mrs. George F. Stevenson, president, who announced that the program would be presented before the business session.

The Christmas celebration at Webb School was reported on by Mrs. Ben Hille, Junior Garden Club chairman, who said that participants were Mayor Warren Carver, Hon. Dan Russell, and others.

Mr. J. R. Rollins gave a report, as chairman of the Christmas tree and light display in Bay St. Louis.

In the absence of Mrs. Dan Russell, chairman, Mrs. Erle Kirkpatrick reported on the Christmas tree and light display in Bay St. Louis.

Mrs. C. R. Beyer represented the Garden Club at the quarterly meeting of the Red Cross in Gulfport.

Mrs. Ernest Allgeyer, one dozen roses and Mrs. Eugene Mogabgab, the Christmas ribbon.

Two centerpiece arrangements were submitted by members, one of Santa Claus and the other of the Three Kings.

A sound movie will be shown the title of which is "The Child of Bethlehem." The annual Christmas worship will be held at the church on Sunday, Dec. 24 at 11 a.m.

Special Christmas music will be rendered by the choir.

Christmas services of the First Baptist Church, Bay St. Louis, will be held as follows on Sunday, Dec. 24: Morning worship at 11:00 o'clock; the Christmas message at this service will be "And the Angels Sing."

Evening worship at 7:00 o'clock will have as its theme "Chords of Love." Following the evening service the choir will go carolling about the city.

Christmas services of the First Baptist Church, Bay St. Louis, will be held as follows on Sunday, Dec. 24: Morning worship at 11:00 o'clock; the Christmas message at this service will be "And the Angels Sing."

Evening worship at 7:00 o'clock will have as its theme "Chords of Love." Following the evening service the choir will go carolling about the city.

The seventh regular meeting of the Presbyterian Circle of the Women of the Church of Bay St. Louis was held at the home of Mrs. Chris L. Reab, 114 Burnett Street on Tuesday, Dec. 19.

The opening prayer was given by Miss Barbara A. Sick. Bible study, "Prayers of Adoration of Jesus" was presented by Mrs. Camille Schaefer.

Following the meeting the Circle group participated in a party symbolic of the true Christmas spirit. Carols were sung and gifts were exchanged among the members.

Hostess was Mrs. Chris L. Reab; co-hostess, Miss Barbara A. Sick. The next meeting of the Circle will be held on January 16, 1951.

## ROTARY CLUB XMAS PARTY WEDNESDAY

A spirit of holiday festivity prevailed at the annual Christmas dinner of the Bay St. Louis Rotary Club held in the dining room of the Reed Hotel Wednesday night.

Rotarians, Rotary Annas and their guests began congregating in the lobby of the hotel at 7:30 for the social hour which preceded the 8:30 dinner.

Allen Mauffray, Rotary president, called upon Richard Shadoin to give the invocation after which dinner was served to approximately one hundred Rotarians and guests, who looked very gay in paper party hats.

With the dessert course began the singing of Christmas songs led off by the Rotary song, "Rotarian James Evans, official song leader led the singing.

A quartet of the help from the kitchen sang "Silent Night," this was followed by "God Bless America," "Jingle Bells," "A White Christmas," and "Santa Claus is Coming to Town," sung by the guests.

At the completion of the dinner Rotarian Mauffray read a letter of congratulations and greetings from the District Governor of Rotary and the guests of the Rotarians were introduced to the crowd.

This was followed by a short musical skit sung by Rotarian Ben Hille and acted by several "characters" in the persons of Jimmy Norman, Walter DeLoach, Howard LeTissier, and Arthur Chapman.

Santa Claus then appeared in the form of Wilmer Thibaux and distributed gifts to the Rotarians from the proverbial Sack of Claus.

Among the amusing gifts, most of which were later donated to the Brother Peter Christmas tree, were: a baby doll to Laurent Kergesse, a clown which stood on its head and walked around to Paul Tourné and another to Horace Kergesse.

A guitar accompanied by Dick Shadoin, a toy saw to C. C. McDonald, Jr., to Dr. Griffin a baby carriage, to Dan Russell, a toy dog, and to Robert Hamilton, two packages of fake money.

Funeral services were held for Mr. Marson at Bayou Coco Cemetery at 3:00 p.m. Tuesday, Dec. 19.

He is survived by his widow and four children: Miss Beulah Marson of Pineville, Miss, Mrs. P. D. Nease of Kiln, Mrs. Q. O. Craddock and Arthur Marson.

On Friday, December 22 the Sunday School of Christ Church Episcopal will hold a Christmas tree and pageant at the parish house at 6:30 p.m.

The theme of the pageant will be "The Advent of a King." The following children will take part in the cast:

Mary, Katherine Hebert; Joseph, John Remond; Immanuel, Ben Levy; Three Wise Men, Bill Watts, Peter Henderson, Geo. Lehtinen; Five Angels, Joe Ann Crasto, Nannette Penrose, Mary Henderson, Martha Allison, Sue Breath; Five Shepherds, Joe Carral, Winston Levy, Skipper Griffin, Marvin Penrose, Edward Spardella.

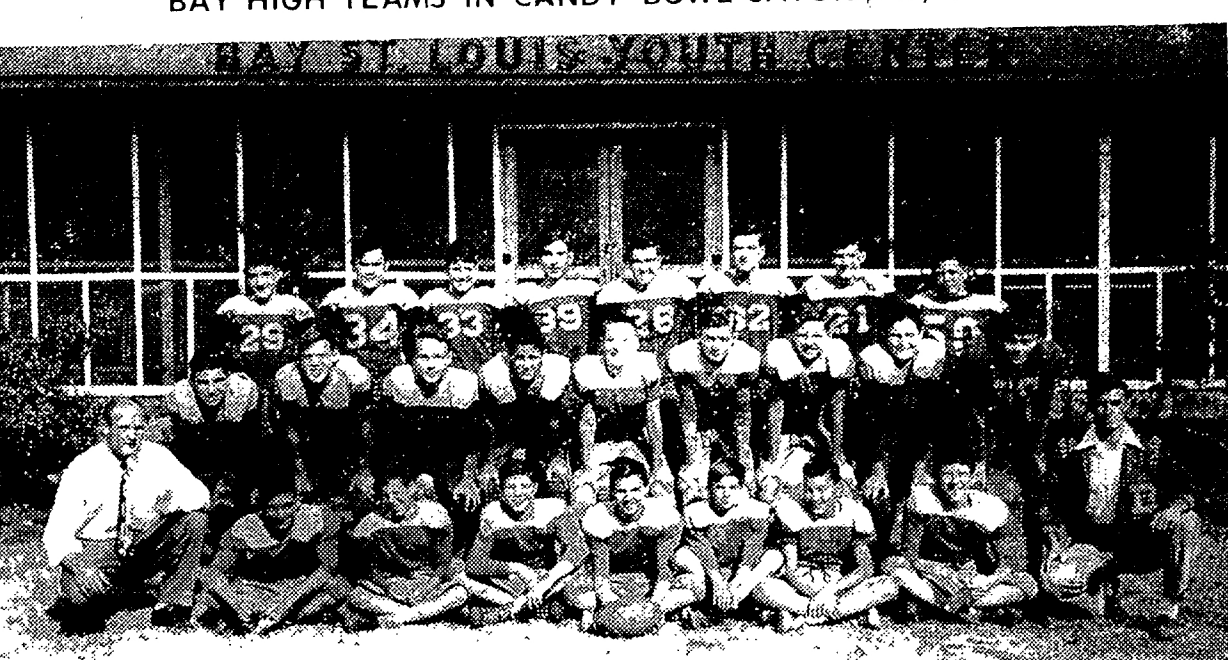

The other children of the Sunday School will sing in the choir for the pageant.

Mr. Henry Chapman will serve as reader.

Among others who will assist with the party are Mrs. Frank Higgins who has offered a cash donation for fruit and other items required and Mr. Shelby Tucker who will donate candy.

A beautiful Christmas tree gave a holiday spirit to the occasion and after the group sang "Jingle Bells" Mrs. R. L. Lee gave a devotional from "Christ and Fine Arts" the text of which was "When Christmas Comes."

Several games were played with prizes being awarded to Mrs. Whitfield, first prize, and Mrs. Wilson Weber, second, for the slogan game conducted by Mrs. M. J. Necaise and to Mrs. Necaise for the paper bag contest arranged by Mrs. James Fillingame.

THE BAY HIGH SCHOOL TEAMS

shown above will play in the Candy Bowl Saturday, Dec. 30th, at Milne Stadium, in New Orleans, against the Milne Home's team. There will be two games, with the Pee-wees playing at 2:00 o'clock and the Junior game following at 3:00 o'clock. There will be no admission charge.

Pictured above, left to right, are:

First row: Coach Jack Long, J. C. Perkins, Thomas Webb, Terrill Randolph, Clayton Adam, Harold Netto, Billy Breland, Billy Taylor, Irvin Preston, assistant coach.

Second row: Robert Perkins, Bobby Tanguis, Malcolm Moreau, John Peter, Donald Cole, Frank Wheat, Norvin Ross, Kent Sellier, Manuel Maurig.

Third row: Bill Corr, Allen Wilkins, Ronald Maurig, Ronald Landers, Charles Tartavouille, Donald Corr, Vernon Parker, Larry Smith.

Teammates missing from the picture are Hugo Favre, Roland Soldini, Milford Favre, A. J. Peterson, Carl Campbell, Vestil Poyadou.

## WILLIAM MARSON DIES IN FIRE

A tragic accident occurred on Monday, Dec. 18 when William Marson of Kiln, Miss., was fatally burned near his home there.

Mr. Marson, who was in his seventy-sixth year, was the father of Mrs. Q. O. Craddock of Bay St. Louis and was a lifelong resident of Kiln.

He had gone into the yard of a house which he owned just above Kiln to extinguish a brush fire and in some way his clothing became ignited. A son, Arthur Marson, who was with him at the time, came to his assistance but was unable to reach his father before Mr. Marson had suffered critical burns.

Funeral services were held for Mr. Marson at Bayou Coco Cemetery at 3:00 p.m. Tuesday, Dec. 19.

He is survived by his widow and four children: Miss Beulah Marson of Pineville, Miss, Mrs. P. D. Nease of Kiln, Mrs. Q. O. Craddock and Arthur Marson.

On Friday, December 22 the Sunday School of Christ Church Episcopal will hold a Christmas tree and pageant at the parish house at 6:30 p.m.

The theme of the pageant will be "The Advent of a King." The following children will take part in the cast:

Mary, Katherine Hebert; Joseph, John Remond; Immanuel, Ben Levy; Three Wise Men, Bill Watts, Peter Henderson, Geo. Lehtinen; Five Angels, Joe Ann Crasto, Nannette Penrose, Mary Henderson, Martha Allison, Sue Breath; Five Shepherds, Joe Carral, Winston Levy, Skipper Griffin, Marvin Penrose, Edward Spardella.

The other children of the Sunday School will sing in the choir for the pageant.

Mr. Henry Chapman will serve as reader.

Among others who will assist with the party are Mrs. Frank Higgins who has offered a cash donation for fruit and other items required and Mr. Shelby Tucker who will donate candy.

A beautiful Christmas tree gave a holiday spirit to the occasion and after the group sang "Jingle Bells" Mrs. R. L. Lee gave a devotional from "Christ and Fine Arts" the text of which was "When Christmas Comes."

Several games were played with prizes being awarded to Mrs. Whitfield, first prize, and Mrs. Wilson Weber, second, for the slogan game conducted by Mrs. M. J. Necaise and to Mrs. Necaise for the paper bag contest arranged by Mrs. James Fillingame.

The committee in addition to Mr. Gex, who was the former Edith Hebert and was a sister of Mrs. Claude Vincent of Bay St. Louis. She was a resident of Bay St. Louis for a number of years.

Mr. and Mrs. Vincent returned to Bay St. Louis today after attending the funeral.

## House Public Works Committee Reports Favorably on Bayou Caddy Project

Congressman William M. Colmer advised all interested parties on Dec. 15 that the Public Works Committee of the House of Representatives had favorably reported his resolution for a survey of the Bayou Caddy Project at Lakeshore.

Mr. Colmer stated that the Army Engineers will now make the survey and make its recommendations back to the 82nd Congress. It was pointed out that if the Engineers find the project economical and therefore justified, their recommendation will be adopted by the Congress.

Mr. G. B. Weston, Head Engineer, Mobile District of the U.S. Engineers has notified Mayor Warren Carver that representatives of his office will now arrange for a public hearing on the project in Bay St. Louis. Date of the hearing has not yet been set.

## Mayor And Commissioners Guests At Good Neighbor Party at Haros Home

His Honor, Mayor Warren Carver, and City Commissioners Cyril Glover and Sylvan Laderer with their wives were guests of honor at the Christmas party of the Cedar Point Good Neighbor Club which met Wednesday night, Dec. 15 at the home of Mr. and Mrs. Emile Haro on Julia Street.

Mr. Haro, who organized the club several months ago, baked a twenty-four pound turkey which, with potato salad, snacks, coffee and homemade cakes and pies, was served to the guests.

The buffet table was laid with a hand cut linen cloth and adorned with a wide red satin ribbon on which was lettered "Welcome Friends and Good Neighbors." The edge of the table was decorated with a ruffling of red crepe paper entwined with asparagus fern.

The centerpiece was a Christmas scene with Santa Claus and Reindeer. Cornucopias of colored gum drops which had been arranged as a decoration on the table were given to each of the lady guests and for the men there were buttonnieres made of red beans covered with red crepe paper and attached to holly leaves.

After supper gifts and candy, which had been placed under the Christmas tree, were distributed to the group who then joined in sing Christmas carols.

In addition to the guests of honor and about thirty-six "Good Neighbors" who gathered at the Haro home for the party, several guests drove over from New Orleans for the occasion.

The next meeting of the Good Neighbor Club will be held at the home of Mrs. John Joyce on Leopold Street.

Col. Birdsong asks that all drivers check expiration date on their drivers license, and if they have expired or will expire Dec. 31, have them renewed at once. The cost is \$2.00 for two years. Go to your nearest Sheriff's office or City Clerk, and renew if you use cases now; or if you prefer, send \$2.00 to Patrol Headquarters, 2550 North State Street, Jackson, Mississippi.

Also to you ladies who are married, be sure and send first, maiden and married name and, if moved, send old and new address.

Says Col. Birdsong, "Our Patrolmen are checking cars every day and, if you have an expired license, it is the same as no license at all. We have no alternative, but to use a ticket. We hope everyone will get their license renewed and be in 'em in order."

Miss Lena Brock, Director of Drivers License Division, stated, "Many persons are sending the wrong amount, and this delays their getting their license and causes the Department a lot of extra work. We again urge everyone to send the correct amount, which is \$2.00, and your license is good for two years."

## REGISTER FOR XMAS LIGHTING CONTEST BEFORE DEC. 24

In this year's contest for Christmas Lighting sponsored by the Bay-Waveland Garden Club, there will be four classifications, namely:

Downy decoration, Porch trees; Living outdoor trees and Outstanding outdoor decoration.

The fourth classification is new and should furnish inspiration for decorating, such as Santa Claus in his sleigh drawn by reindeer, crossing the lawn.

There will be no judging of indoor trees this year.

Those who enter the contest must be registered before midnight on Dec. 24. If you wish to register, call either Mrs. J. R. Schaff, 309-W, Mrs. E. P. Kirkpatrick, 246, or Mrs. Dan Russell, 404.

The judging will take place one night between Christmas and New Years. It will not be known which night, therefore it is suggested that the lights be turned on every night between Christmas and New Years.

Funeral services were held in New Orleans Wednesday for Mrs. Samuel Giles who died at Baptist Hospital on Monday, Dec. 18 after a long illness.

Mrs. Giles was the former Edith Hebert and was a sister of Mrs. Claude Vincent of Bay St. Louis. She was a resident of Bay St. Louis for a number of years.

Mr. and Mrs. Vincent returned to Bay St. Louis today after attending the funeral.

Carnival Club Committee Meets at W. Gex Home

The Court Committee of the Carnival Club met at the home of Walter Gex, chairman, Saturday night, Dec. 16 to discuss further plans for the annual Carnival Club which will be held this year on Friday, Feb. 2.

The committee in addition to Mr. Gex, who was the former Edith Hebert and was a sister of Mrs. Claude Vincent of Bay St. Louis. She was a resident of Bay St. Louis for a number of years.

Mr. and Mrs. Vincent returned to Bay St. Louis today after attending the funeral.

Col. Birdsong asks that all drivers check expiration date on their drivers license, and if they have expired or will expire Dec. 31, have them renewed at once. The cost is \$2.00 for two years. Go to your nearest Sheriff's office or City Clerk, and renew if you use cases now; or if you prefer, send \$2.00 to Patrol Headquarters, 2550 North State Street, Jackson, Mississippi.

Also to you ladies who are married, be sure and send first, maiden and married name and, if moved, send old and new address.

Says Col. Birdsong, "Our Patrolmen are checking cars every day and, if you have an expired license, it is the same as no license at all. We have no alternative, but to use a ticket. We hope everyone will get their license renewed and be in 'em in order."

Miss Lena Brock, Director of Drivers License Division, stated, "Many persons are sending the wrong amount, and this delays their getting their license and causes the Department a lot of extra work. We again urge everyone to send the correct amount, which is \$2.00, and your license is good for two years."

## Shelby. Important World War II Camp, Appears Headed for Reactivation

Reopening 'Matter of Time,' Sources Indicate

Washington, Camp Shelby, Miss., one of the largest military installations in the continental United States in World War II appeared headed for reactivation.

Although there is no official information ready for release, it seemed fairly certain that "re-opening" was a matter of time. Army engineers of the Mobile district recently completed a survey of the needs of the camp to place it in readiness for troops if and when needed.

Funds for the reactivation of several Army camps will come out of the \$18 billion defense spending program passed by the House last Friday. It probably will be passed by the Senate before the Senate quits for the Christmas holidays.

Until the huge appropriations bill is passed by the Senate, although it is certain of passage, plans concerning installations that are to be reopened are held in abeyance.

A high Army spokesman informed a Mississippi congressional source that re-opening of the South Mississippi camp is "definite."

Meanwhile, Rep. William M. Colmer, Sixth Mississippi District, said, after double checking with the Army that he learned there are no concrete plans at this time.

Congressman Colmer said that while he learned there are no present definite plans for reopening Camp Shelby, he thought it was "just a matter of time" in view of the national emergency.

Reports involving Camp Shelby reached Mississippi congressional officials almost simultaneously with the defense department announcement that the 1st (Mississippi and Alabama) National Guard Division will be summoned to federal duty Jan. 16 and dispatched to Camp Jackson, S. C., for training.

Apparently the 39th Division (Louisiana and Arkansas) is in line for subsequent summons when funds and training site facilities are made available.

Meanwhile, there is nothing official at all on the 39th Division which is commanded by Maj. Gen. Raymond H. Fleming, acting chief of the National Guard bureau, with offices at the Pentagon.

Camp Shelby, south of Hattiesburg, became a training installation in World War II for thousands of troops before they went to France. In World War II some 85,000 men were encamped there at the peak of activities. Several hundred thousand men were assigned there from the time the Ohio National Guard troops arrived, October, 1940, until it was finally closed down. At one time in World War II the six and one-half-mile long and four-mile-wide reservation had 14,000 buildings dotting the rolling, pine tree-tudded terrain.

It is all right to diagnose your own ills until you get sick; then, see your doctor.

### U. S. CASUALTIES IN KOREA RISE TO 33,878

Washington, D.C.—Announced American casualties in the Korean War has risen to 33,878, an increase of 1,436 in a week.

The weekly summary, issued by the Defense Department, reported 5,870 deaths, of which 5,258 were killed in action, 607 died of wounds, and five are now known to be dead after previously being reported missing in action.

It listed the wounded at 23,477 (including the 607 who later "died"). Missing in action: 5,143.

The new totals are based on notifications to next-of-kin through Dec. 8, but probably reflect few of the losses suffered when United Nations forces were hit by the huge Chinese Communist offensive.

This is because of the time lag resulting from the notification procedure. The first effects of the enemy offensive probably will begin to show in casualty reports a week or two from now.

## COMMENTS GIVEN ON SESSION CALL

Lumpkin, Allred Air Views Against Proposals

Jackson, Miss. Two statements followed on the heels of the recommendations of the joint legislative committee to reorganize the state government.

La. Governor Sam Lumpkin said that he did not believe Gov. Fielding L. Wright should call a special session on the controversial proposals of the committee because of the tenseness of the international situation.

State Representative Sam Allred, Jefferson County, a member of the legislative committee, said that he was at odds with most of the major changes advocated by the committee.

Lumpkin said he believed a special session should be called in January to insert the ratified amendment in the

constitution to enlarge the supreme court from six to nine members and to provide emergency appropriation for the state welfare program.

When the reorganization committee was created, said Lumpkin, "there was no national emergency...the Korean war had not started."

"The gravity of the situation is such," he went on, "that every possible controversial matter should be presently eliminated, so that undivided attention can be given to the proper solution of the things which now so vitally affect the people."

Lumpkin is a candidate for governor in the race which will be held next year.

Allred said in a signed statement that abolition of certain elective of-

fices called for by the reorganization committee would place "vast and extensive" appointive powers in the governor and would be "inconsistent with sound democratic principles."

### VALUE OF FORESTS

Wood is the raw material for one-sixth of the manufacturing industry in the South. It furnishes jobs for some 445,000 persons who work in these industries, or one-fifth of all workers engaged in manufacturing industries in the Southern States.

In their pay envelopes these employees take home \$795,000,000 annually, or one-sixth of the South's industrial wage.

Man, as a general rule, thinks well of himself.

## WARNS HUNTERS ON RABBITS

Rabbit hunters were warned to be on guard against tularemia, rabbit fever recently.

Dr. S. J. Phillips, Louisiana state health officer, said if rabbits are not handled very carefully at every stage between hunting field and dining table they may transmit the disease. He said it is wise to assume that every rabbit has the germs.

Dr. Phillips said rubber gloves should be used when handling rabbits and all fur and waste should be burned. Meat should be boiled at least 20 minutes.

Intolerance: "I am right and you are wrong."

# REPORT WRIGHT NOT DEFINITE ON SESSION; CALL, IF ANY, SEEN FOR FEBRUARY

Governor Only to Specify Welfare Amendments

Jackson, Miss. If Gov. Fielding L. Wright convenes the Legislature in special session, it will be in February, sources said earlier this week.

Meanwhile, however, reports were that Wright is far from definite in his plans to call an extra session.

The only reason which the governor proposes to put in his call would be an additional \$1,000,000 for the state welfare program and the revision of two ratified amendments in the state constitution according to sources.

Submission of the program of the legislative reorganization committee, which asked for a special session to enact its proposals, would only be done by a request from a sufficient number of the members of the Legislature.

Gov. Wright was reportedly told last week by the reorganization committee that if the administrative phases of their program were submitted to the Legislature, they would be adopted.

As a result, Wright has said that in order to submit the program at a special session, he would require a request from the Legislature itself.

If he calls the lawmakers on welfare, Wright reportedly plans only to ask that the lawmakers appropriate \$1,000,000 in emergency welfare funds to prevent a check in the old age rolls and a reduction of \$2 per month in the average grants.

W. F. Bird state welfare commission, has announced that the old age grants would be cut from \$19.20 to \$17.00 next month because of the lack of funds. In addition more than 5000 old age people have been cut from the rolls within the past few months.

The governor, however, is said to be yet unconvinced of the need for the additional funds, and if he does ask for the appropriation, he would refuse to sign any bill for more than \$1,000,000.

Amendments to the state constitution which were ratified by the voters in November would enlarge the state supreme court from six to nine members and also permit wives of ministers to vote after six months residence.

# SHARP CUT IN V. A. FUNDS PREDICTED

Official Says There'll Be Less GI Training

Jackson, Miss. A sharp cut in the \$70,496,196 a year being spent in Mississippi by the Veterans Administration was predicted recently by VA state manager Chauncey Camp.

Camp said veterans receiving training and subsistence pay will be reduced during the coming months, slashing the amount of money now pouring into the state trade channels from Washington.

At the same time Camp revealed the amount of money being spent each month in the 82 counties. He did not estimate the county by county reduction due to curtailment of the GI program.

Camp's figures:

Adams, \$908,388; Alcorn, \$758,992; Amite, \$426,156; Attala, \$695,988; Bolivar, \$1,042,180; Carroll, \$164,568; Claiborne, \$625,392; Clarke, \$599,280; Clay, \$868,404; Coahoma, \$1,069,812; Covington, \$580,980; Forrest, \$2,619,060; Franklin, \$163,228.

Hancock, \$479,236; Harrison, \$1,029,756; Hinds, \$5,656,668; Jackson, \$526,044; Jones, \$2,522,040; Kemper, \$646,350; Lamar, \$515,952; Lauderdale, \$2,528,388; Lee, \$802,788; Leflore, \$1,142,244; Lincoln, \$1,232,292; Lowndes, \$709,332; Marion, \$1,180,584.

Monroe, \$2,170,992; Oktibbeha, \$2,091,324; Pearl River, \$714,804; Perry, \$259,812; Pike, \$1,503,480; Quitman, \$389,292; Scott, \$1,074,864; Sharkey, \$206,592; Stone, \$386,664; Tishomingo, \$1,358,820; Wayne, \$626,112; Wilkinson, \$328,368; Yazoo, \$722,532.

# FARM SOCIAL SECURITY DUE JANUARY 1st

More Book Work Seen as New Group Included

Washington. Uncle Sam's decision to include farm workers in the social security benefits means more book keeping for farm operators.

Congress recently extended social security the federal old age and survivors insurance act to include agricultural workers. It goes into effect Jan. 1, 1951.

The bureau of internal revenue has followed up the extension order with a booklet of instructions for the reporting of employer and employee taxes on the wages of farm employees.

What it means to farm employers is quarterly tabulation of the one and a half per cent social security tax deducted from employees' wages for three months. The operator also must figure his own one and a half per cent share of the tax.

The government's free publication, titled "Agricultural Employer's Social Security Tax Guide," helps the farm employer figure out whether his hired help come under the law.

Eligibility is based on what Uncle Sam calls the 50 dollar—60-day test. That means, the booklet explains, that a worker should have social security tax deducted if the employer pays him \$5.00 or more for 60 days of work or more, on a full-time basis during three calendar months.

This applies to all farm employees, including domestic workers in the farm household.

However, before taxes are figured out and deducted, farm workers must go through what the government calls a qualifying quarter.

In other words, the employee must work for a farmer for a full calendar quarter—exactly three months—on a full-time, continual basis before the tax period begins. During that quarter no tax is deducted.

The social security tax applies only to cash wages. The government says that value of food, lodging and other items furnished to workers do not count. And it does not matter whether wages are paid by the hour, day, week, month, year, or on a piecework basis.

The tax does not apply to amounts paid by an employer to his or her mother, father, wife or husband, or to the employer's son or daughter under the age of 21.

# PRESBYTERIAN HOME MISSION CIRCLE

The Presbyterian Home Mission Circle will meet on Sunday, January 31, at 6:30 North Beach with Rev. L. A. Beckman, presiding.

Gas produced in Mississippi, like

# EXPANSION OF GAS INDUSTRY IN STATE OUTLINED BY COMPANY

Nearly 82 per cent of Mississippi's cities and towns of 1,500 population and over have obtained natural gas service in the 24 years since gas was first discovered in the state. By the middle of this year 146 communities in the state were receiving natural gas service.

These and other highlights of the phenomenal expansion of the gas industry in Mississippi are contained in a brief history of the state's natural gas industry released this week by the United Gas companies. United supplies gas to more than half of the cities and towns served in the state.

The history traces the record of the privately owned natural gas companies in bringing natural gas service to an increasing number of Mississippi communities since the first gas field was discovered in 1926 near Amory in Monroe county.

It is pointed out that expansion of natural gas service to Mississippians was made possible by huge quantities of gas brought in from neighboring states. During the past 20 years, Mississippi secured 72 per cent of the gas consumed within its borders from the neighboring states.

Gas produced in Mississippi, like

was has been shared with other areas, but for every cubic foot exported to other states during the last two decades Mississippi has brought in three cubic feet of gas from outside its borders. According to the history, if all the gas produced in Mississippi since the Amory discovery had been used in the state, it still would have supplied only a little over half of the natural gas consumed.

# Baptist Sunday School Christmas Tree

Members of the Sunday School the Baptist Church will hold a Christmas tree celebration at the Church School annex on Thursday, December 21, at 7:00 o'clock for members of the congregation. Gifts will be exchanged all those who are present.

## EX-ENVOY POINTS OUT SOVIET GOV. HAS NOT LOST A SINGLE MAN

Charlottesville, Va. A former United States ambassador to Great Britain says Russia will have us in a state of emergency by the end of this week and yet has not lost a man, moved a foot or fired a shot.

Joseph P. Kennedy made the assertion here during a question-and-answer period which followed a talk in which he declared our foreign policy is "suicidal" and made us no fool weather friends.

America's foreign policy also has solidified Communism, reduced our economic strength, failed to provide a strong hemispheric defense and is "politically and morally a bankrupt policy," Kennedy asserted. Kennedy told the University of Virginia Law School forum that the United States should get out of Korea and any other place in Asia where we cannot hope to hold our defense. In addition, he said, we should stop wasting our resources in an attempt to hold either the Elbe or Rhine River lines in Europe.

In Korea, Kennedy said, "we are fighting the fourth greatest war in our history. What have we in return for this effort? Friends? We have far fewer friends than we had in 1945..." "Where is there in all Europe any buffer against a massed Russian onslaught?" he asked. "Worse than this, where is there any determination to create such a buffer?"

## PAUL B. JOHNSON, JR. QUILTS POST TO RUN FOR GOVERNOR

Jackson, Miss.—Paul B. Johnson, Jr., resigned as assistant US attorney and announced he will be a candidate for governor in the 1951 Democratic primaries.

It will be Johnson's second campaign for the office held by his father from Jan. 16, 1940, until his death Dec. 26, 1943. The younger Johnson ran second in the 1947 campaign to Gov. Wright.

Johnson said his resignation as assistant US attorney is effective Jan. 1. He said he decided to enter the race "after careful, sincere and prayerful deliberation" induced by letters, telegrams, telephone calls and personal appeals "urging me to become a candidate."

The newly announced candidate said his decision was influenced by "the apparent desire for young, strong and aggressive leadership and the overwhelming sentiment against machine politics and the so-called kingmakers who would from their ivory towers mastermind and regiment the people behind the governor they are attempting to name and control."

Johnson is married and the father of two children. Before accepting the assistant US attorney appointment he practiced law in Hattiesburg.

## FARM AGENT REPORTS ON CATTLE FEEDING

Mixing salt with cottonseed meal offers farmers a way to self-feed controlled amounts of protein supplement to their beef cattle, according to F. P. Ansler, Gulfport, agriculture agent for Harrison County. It was found during research conducted recently on the self-control feeding project, that the method tested can closely control the amount of cottonseed meal that cattle eat by regulating the amount of salt mixed with the meal.

The experiments with long yearlings were generally started on the mixture of one-half pound of salt to two pounds of meal daily. Cattle that had previously eaten cottonseed meal or cake were started directly on self feeders, but the uninitiated animals were found more eager to take to the selffeeders after a week of hand feeding.

Many findings regarding the feeder in a variety of weather of various type and other mixtures were made available in an instructive leaflet for use by the farm agent in spreading helpful information to cattle owners in Harrison County and surrounding area. The information can be secured from the farm office in the county courthouse in Gulfport.

May Santa's packages hold peace, joy and health.

## Waveland Drug Co.

Waveland, Miss.

## WOULD WORK FARMERS OF CROP-FAILURE AREAS IN NATIONAL DEFENSE

Washington—Farmers in crop-failure areas would work in defense industries under a plan proposed by Rep. Overton Brooks (La.).

Brooks made the suggestion to Dr. John R. Steelman, presidential assistant, who referred the matter to the office of defense manpower.

While the Louisiana said the plan could be applied to other disaster areas, he had particular reference to north Louisiana where many farmers lost heavily on their cotton this year and where defense industries may be expanding. He urged that the Louisiana ordinance plant at Minden be expanded into full production so that farmers and their families could obtain off-season employment.

The proposal, he said, would have "the effect of giving the industries an additional source of dependable, energetic and conscientious workmen and at the same time take off the distress rolls those who might otherwise be a charge against the government economy."

Louisiana parishes which have been

declared disaster areas include Avoyelles, Bossier, Caddo, Caldwell, Catahoula, Concordia, DeSoto, East Carroll, Franklin, Jackson, Lincoln, Madison, Morehouse, Ouachita, Pointe Coupee, Red River, Richland, Sabine, Tensas, Union, West Carroll and Winn. Some of these were hard hit by floods on the eve of this year's planting season.

One of these days money will develop patriotism but it will depend upon those who have it.

You have to take people like you find them if you expect people to take you like you are.

The world owes a great deal to the men of medicine and some of it will, no doubt, be paid.

## FORD CHIEF ASKS FOR CURBS ON PRICES

A plea for all-out wage and price controls rather than partial curbs was voiced recently by L. D. Crusoe, vice president of Ford Motor Co., and general manager of the Ford Division.

"A system of co-operative controls is not at all realistic. We can't hold back prices when the cost of the things we buy are going up. Somebody will get squeezed," he declared.

Mr. Crusoe is here for a three-day national conference of Ford parts and accessories dealers at The Roosevelt.

A "Parts Circus" was given by manufacturers at Municipal Auditorium.

"A declaration of emergency will not

catch industry unprepared," Mr. Crusoe said.

"Conversion plans have been made during conferences with Army officers."

"Parts are now coming out of our huge Pratt and Whitney airplane engine plant in Chicago. There would possibly be a delay of 15 to 18 months in converting to a war basis, but that cannot be helped. Otherwise, we could not produce the latest models," he said.

The Dearborn, Mich., official said the company expects a 25 per cent cut in production during the first quarter of 1951.

"Our production will be based on the availability of aluminum, zinc, copper and nickel. The government's stockpile program must come first," he said.

In all sincerity—  
the fullness of  
joy be yours  
this Yule.

### QUESTIONS ON NATL. EMERGENCY

Washington What is the national emergency, and what are we doing about it?

As background for President Truman's address to the nation here are some of the questions most often asked about the crisis together with the most reliable answers obtainable.

Q What's going to happen in Korea?  
A We're going to hold on for a while in North Korea unless we're pushed out. It looks as if we can hold at least a few beachheads. We'll continue to press for a settlement in the United Nations on the basis of an independent Korea. But we have no intention of keeping forces there when it is no longer to our advantage.

Q Will we use Chinese Nationalist troops in Korea?

A Probably not.  
Q Where could Chinese Nationalists be used if the Chinese Communists continue their undeclared war?

A On the south China mainland possibly in the guerrilla warfare mentioned by Chiang Kai Shek. That will depend largely on the Nationalist will to fight.

Q How could the US carry on war against the Chinese Communists?

A It takes then parts up our air superiority. There is no serious talk of land war against China. That would be tremendously costly and probably would suit the Russians fine.

Q What is our overall strategy?

A Do what we must in the Far East. Join with our Allies in building a strong defense against Russia in western Europe. The government's position is that the greatest threat is from Soviet communism in Europe, though the recent aggression came in Asia. President Truman and Prime Minister Attlee called at their meeting for immediate action to build up defenses of the Atlantic nations.

Q Does Communism hold the initiative?

A It does where land power can be brought directly into use. Russia has the jump because it built up armed strength while, except for the atom bomb, we sharply cut back after World War II and delayed rearming—in large part because we hoped it wouldn't be necessary.

Q How does our strength stack up against the Communists' today?

A We have about 1 million men in our Army—roughly half in this country, more than 200,000 in the Far East, an estimated 100,000 in Germany and elsewhere in Europe. The rest are in other overseas assignments. Many of those in this country are not trained. We figure the Russians have around 3,500,000, including 500,000 in her eastern European "front yard."

Q How does the total strength of the Western powers compare with the Red bloc countries?

A We have in the neighborhood of 3,175,000 on our side. The Reds have some 6,440,000.

Q Then the Reds outnumber us two to one?

A In troop strength only. We have about a 3-2 margin in air strength and an overwhelming edge in naval strength—about 12 to 1. Besides, we have—or mean to have—more and better weapons and equipment.

Q What about the atom bomb?

A Our experts say we're far ahead of Russia, and a \$1,050,000,000 expansion program is before Congress. Look Magazine has estimated we have 700 A-bombs. Some scientists say this figure sounds reasonable.

Q Is Russia likely to attack in Europe before we can build up our defenses there?

A No one outside the Kremlin knows when or whether Russia may attack. Western leaders see the danger as constant but hope we can make ourselves strong enough to prevent it. Some think the fear of US A-bombs is holding Russia back. But it is taken for granted the Russians are strengthening their radar and other defenses against atomic attack. The chances that Russia will attack when she is ready constantly are being weighed.

Q Why not drop an A-bomb on the Kremlin?

A Apart from the moral responsibility for starting a war, we would be laying open the cities of western Europe to sure retaliation by the Russians—to say nothing of the danger that the Russians would try to bomb our own cities.

Q How big a military buildup do we plan?

A Until the tide turned in Korea, the goal was 2,771,121 men in uniform by next July 1. Now it's 3 million, and the figure is expected to be raised any day. Also, there will be a vast increase in the production of weapons and war material. We have a big margin over the Russians in war potential. But we'll have to sacrifice some of our higher living standards to make that potential a reality.

Q Where will the men come from?

A More reservists will be called back. Men with dependents are likely to be taken. Congress probably will be asked early next year to permit the drafting of World War II veterans and perhaps 18-year-olds. So far, Selective Service has shied away from asking for men over 25. Under the present law, only men 19 through 25 can be taken.

Q How much will all this cost?

A We will have allotted \$49 billion for military purposes in the fiscal year that began last July 1. The cost in the future is anybody's guess. Some officials estimate it will be around \$60 billion next year. In other words, we're in for much heavier taxes.

### SNIDER HONORED FOR SUPPORT OF CONSERVATION

J. B. (Billy) Snider, former lieutenant governor and now Editor of the Natchez Times, was presented with the annual field day award for outstanding contributions to the cause of forestry at the second annual South Mississippi Forestry Field conservation at Gulfport. The ex-lieutenant governor was given an inscribed gold watch for his lifetime devotion to the interests of the state forestry program.

Some 450 farmers attended the ceremonies at the Harrison forest experiment station. A field trip in the morning was followed by a barbecue at noon.

### ROBOT MACHINE HAS A LADYLIKE NAME

Los Angeles Northrop Aircraft, Inc. comes up with the latest in those robot brain machines.

This one looks like a kitchen stove, has a ladylike name, and can do the same work as the warehouse-size models used by a few large universities.

Northrop engineers call it "Maddida," pronounced "Mad Ida."

They say it can predict the best design for an airplane or ship, navigate and guide a rocket to the moon, operate a factory production line, or solve in a few seconds mathematical problems so complex it would take months or years to work them out on ordinary calculating equipment.

The full name for the little gem is "magnetic drum digital differential analyzer."

You could pick it up for about \$30,000. With optional accessories, the cost runs close to \$150,000.

Earlier jumbo affairs sometimes occupy entire buildings and cost hundreds of thousands of dollars. Some whoppers have 18,000 vacuum tubes or require hundreds of motors to drive moving parts.

Maddida computes with fewer than 100 tubes and has only one moving part. The works are packed into a cabinet of about the same dimensions as a pinball machine.

The first model was built for the experimental towing tank of the Stevens Institute of Technology, Hoboken, N.J. It will be used to predict the best design for ship hulls and waterborne projectiles.

### CIVIL DEFENSE PLAN TO PRES. TRUMAN

A nationwide civil defense plan for cities which Mayor Morrison helped formulate was presented to President Truman earlier this week.

The mayor was informed by telegram that Mayor John B. Hynes of Boston presented the plan to the President on behalf of the American Municipal Assn. Items in the draft were decided upon at the recent AMA congress in Washington.

The message to Mayor Morrison stated:

"Mayor Hynes emphasized the important role of states in civil defense, but urged revision of proposed national civil defense legislation to permit relationships between cities and national civil defense authorities in event states fail to act effectively. Current bill permits cash grants for shelters and supplies only. Also urged multiple uses of bomb shelters with federal aid including off-street parking."

### MANY AWARDS MADE AT ACHIEVEMENT DAY

Tillers of the soil, both old and young, observed Farm Production Achievement Day which concluded a statewide contest sponsored by the Vocational Division of the State Department of Education.

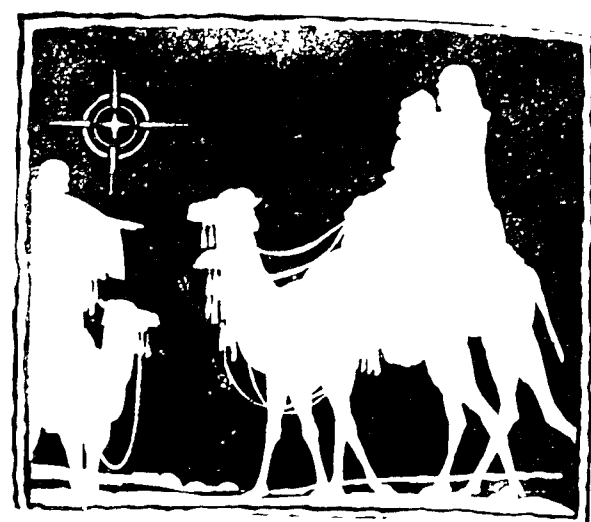

Contestants were World War II veterans in on-the-farm training and Future Farmers of America.

### ALUMINA PLANT'S SITE MAY BE IN MISSISSIPPI

An alumina plant may be built on the Mississippi Gulf Coast under the Government program to expand production of the metal. Alumina plant is one which processes bauxite or other ores and extracts the powdered alumina.

The alumina is converted into aluminum.

The Government recently moved to help aluminum companies expand production by building new plants. The companies now are making surveys chiefly in the Gulf States for possible plant sites.

In the days of mysteries and revelations, of atomic fission and fusion, who would deny the greatest mystery revealed to man: that a Babe is born who shall show mankind the error of its ways and point the way to fruitful happiness in this world and peace in the hereafter.

The Beachcomber

Well, it's practically here, folks—yes, we mean Christmas, and this is our last chance to tell you that you have only two more days to shop for that gift for her or him or mom or pop or whomever it may be—better hurry—since the business section of our town is more or less divided into three or four different parts of town it might be well for those in charge of Christmas lighting decorations to cover all sections and not just one—we doff our hats to Mr. Joe Lotacano who spent his own time and money to decorate that part of Necaise Avenue where his store is located—better check that card list again, you may have left someone out unintentionally and will your face be red when you think of it too late—besides the postoffice workers are so busy these days that your mail may be delayed if you wait—boy, Brother Alexis and the Sideline Club really put on a grand feed for the football players and the club members Tuesday night—there wasn't a thing missing and everyone really had a grand time—note to auto drivers—please be careful during the holidays—remember you want to have a good time and so does the other fellow—no matter what Faith you belong to—be sure to go to Church on Christmas and say a prayer for the boys away in the service of their country—you will feel better too, after going to Church—better hurry if you want to enter the Christmas lighting contest—judging will be between Christmas and New Years—Stanislaus will have the Brother Peter Christmas Tree this Friday and Saturday afternoons, for white and colored children respectively—don't forget the Christmas party at the Drive-In Theatre this Friday at 3:00 p.m.—well, there's not much more this column can say this week except wish all our readers a very Merry Christmas—

## ENTERTAIN CANASTA GROUP

Misses Virginia Seal and Jane Blair will entertain at cocktails for Miss Key Ford on Monday, Dec. 25 at 6 o'clock at the home of Mr. and Mrs. C. D. Blair on Julia Street.

Mrs. Ezelda Ling entertained the weekly canasta group at a Christmas party at her home in Paradise Point last Saturday night.

Playing were Mrs. Gertrude Saucier and Mrs. Gertrude Saucier, Miss Adele Grant, Mrs. Rosalind McVey, Dr. B. L. Ramsey and Mr. Mark Solomon.

After the game refreshments were served and Christmas gifts drawn from a grabbag.

## Trifles & Treasures

by  
PEGGY FOOTE

I ran across some of last year's cards and found this poem on one of them. It appealed to me and I thought you might enjoy it. It is called "Doors" and is by an anonymous contributor.

"Some doors have hearts, it seems to me.  
They open so invitingly.  
You feel they are quite kind—akin to all the warmth you find within.  
Some doors, so weatherbeaten, gray, swing open in a listless way  
As if they wish you had not come.  
Their stony silence leaves you dumb.  
Some classic doors stand closed and barred.  
As if their beauty might be marred  
If any sought admittance there.  
Save king or prince or millionaire.  
Oh, may mine be a friendly door.  
May all who cross the threshold o'er  
Within find sweet content & rest.  
And know each was a welcome guest."

"Some doors have hearts, it seems to me." I would say "Some hearts have doors." Also, some hearts have bright red cheerful doors which say, "Won't you come in and share a corner?" Others have doors which are so tightly latched or perhaps to which the key has been lost. Then there are those which stand ajar waiting—waiting—in vain. Yes, hearts have doors, interesting, sagging, slamming, open, beckoning.

A small town in Pennsylvania called Wellsboro has become the Christmas tree ornament center of the world. It is the home of a branch plant of the famous Corning Glass Works.

In the history of ornament production there are two chapters—the first, a pre-war story in Europe, the second, a tale of the plant in Wellsboro.

In the mountains of Central Germany is a town called Lauscha. About a century ago the first glass tree pretty was made there. In the 2,000 homes which comprised the community there were employees from each one. Six hundred ornaments a day were handmade. Usually the male contingent did the blowing, while the women did the silvering and even the children assisted in lacquering the balls in bright colors.

Sometimes they labored fifteen hours a day for five days a week. Then, the ornaments were taken to near-by Sonneberg from which they were sent all over the world. This all ceased when gruesome Adolph marched on Poland and killed the industry.

Shortly after the foreign industry was closed a request from a huge American buyer went out to Corning Glass. A way was found to blow ornaments automatically at an unprecedented rate at Corning. More are made according to this method in one minute than a Lauscha family could make in a day.

Two-thirds of Corning's shipments are silver, red, blue and gold. The other third is shipped in the form of clear glass and then decorated to suit the market's needs. Twenty-five different designs were used this year and production was up over previous years.

Last year Americans spent more than \$13,000,000 to buy more than

250,000,000 candles. Stupendous in this electric age! A census proves that most were purchased as ornaments. (Gosh! Do that many women give luncheons?) Of course, a great many are used in churches. The prettiest party I ever attended was a Christmas buffet supper at which the hostess had her entire house lighted by candle-light. The effect was stunning and gave the women a sort of mysterious beauty, and the house an aura almost of divinity. It also had a psychological effect on the guests, tempting their spirits and softening their voices.

If you're past forty (and aren't we all?) don't wear matched sets of jewelry. Select pieces that harmonize instead. And please, oh! please don't wear too many at a time. Do you wear glasses? Then, watch your jewel accessories and don't over-do it. You give yourself a cluttered, cheapened effect if you wear rings, ear-rings, bracelets, fancy buttons, brooches, wrist-watches, necklaces, etc. (Yes, some of you do, too.) Now, look at yourself—a good honest scrutiny you can't remove the glasses, so do remove the necklace. We will allow you the ear-rings if they aren't too ornate. If you must wear the wrist watch then leave the bracelet in its cozy velvet box. Fancy buttons? Then you are only allowed the minimum ear-rings. Do take some of it off. You have right good faces, you know, why try to detract from them by confusing people?

Will you please note this:  
1 pair shoes \$1.98  
1 evening dress 6.98  
3 1/2 yds. voile 1.02  
dad's present 1.50  
Thelma's slip 1.19  
Total \$12.67

This was found in an old account book dated "1941." Must have been at Christmas time for I remember the dress. It was a good black crepe with an accordion-pleated panel of royal blue down the front. The shoes were—believe it or not—silver mesh evening slippers. The 3 1/2 yards must have been for a nightie—let imagine a nightie for \$1.02. The slip was for my maid, and if my memory serves me it was a right decent one, too. \$12.67 for it all in 1941 and the other day I paid twice that much for a hat!

(Gee! did the list help me to convince "Himself" of the change in the cost of living?)

To those of you who took time out to write me, I am deeply grateful. To those who have criticized, I ask you to be patient and tolerant; through those I have helped, I am joyful. To those I may have hurt I am sorry. To all of you—may God bless you! And—one of the happiest Christmases you have ever had!

I'll be with you again next year! Au revoir.

P.S.—Merry Christmas, Boss, Staff and you, too, dear readers.

## GEORGE LANGHOF DIES IN N. O.

Funeral services were held in New Orleans last week for George Langhof of New Orleans and Paradise Point. Mr. Langhof who bought a home in Paradise Point last summer was well known in Bay St. Louis and vicinity and had many friends who will regret to hear of his passing.

## Merry Christmas

and Many New Telephones!

One of the merriest sounds on Christmas—or any day—is the ringing of a new telephone... More and more homes, in city and country, have been hearing it as Southern Bell's million-dollar-a-month expansion in Mississippi has continued... For 1951 we promise to push the extension and improvement of our service with all our resources, both physical and financial!

**T. E. Harris**  
Mississippi Manager

**SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY**

## ...PERSONALS...

Mr. Stacy Assenheimer will attend the Omega Phi winter formal dance at the New Orleans Country Club on Friday, Dec. 29.

Mr. and Mrs. John Bell have issued invitations to a cocktail party to be given at their home on Wednesday night, Dec. 27.

Mr. and Mrs. George Haney of Chicago have purchased some lots of Christmas gifts and will make Bay St. Louis their home for Christmas. They will arrive Christmas Eve and will spend a week with their son, Fred, and daughter, Lora.

Mr. and Mrs. J. William Hill, Jr. will leave on Dec. 21 for Houston, Texas, where they will stay at the Hotel Houston as guests of Mr. and Mrs. R. D. Turner.

Mr. and Mrs. Arthur Scalford will leave for New Orleans on Friday, Dec. 22, for a Christmas party at the home of Mr. and Mrs. J. H. L. and Mrs. T. H. L. who are in the South Eastern with them for the Christmas holidays.

Miss Ada Grant will leave Friday for New Orleans, where she will remain for a few weeks visiting her family during the holiday season.

Mr. and Mrs. J. R. R. will have a party during the holidays their daughter, Miss Alice Rollins and Mr. L. H. McFarland, who arrived Friday at the Bay St. Louis home. Mr. and Mrs. McFarland and family will leave the day after Christmas for a visit to Natchez and will go from there to Oxford, Miss.

Miss Virginia Seal attended a small office and party at the home of Mr. and Mrs. Sherrod Willett in Gulfport on Sunday afternoon.

Miss Ed Blaine and children, Ed, Jr. and Marion have been spending several days in New Orleans and Algiers visiting relatives.

Mr. Orlan Delph is home again to recuperate after an operation three weeks ago at Baptist Hospital.

Larry Mauffray is home for the Christmas holidays from school in St. Bernard, Alabama.

Among those who will entertain at their home on New Year's Eve are Mr. and Mrs. Eugene Mogabgab, Dr. and Mrs. Ernest Samuel and Mr. and Mrs. Howard Penhall.

Miss Shelby Weston will arrive this week from Atlanta, Ga., to spend Christmas with her mother, Mrs. Elizabeth Weston at her home on South Beach.

Mr. Joseph deBenedetto, Jr., of Washington, DC will be the guest of his parents on Court Street for Christmas.

Mr. and Mrs. Max Kohler left Wednesday for New Orleans where they will be the guests of their son and his family for the Christmas holidays.

Mr. and Mrs. Fred Collins will arrive this week and from Mobile to be the guests of Mr. and Mrs. Bernard Blaise for Christmas. Mrs. Collins will be bridesmaid in the Clarke-Ford wedding next week.

Mr. and Mrs. Collins Lyle and children of Alexandria, Va., and Miss Bess Kelly of Tulsa, Okla., will spend Christmas here as the guests of Mr. and Mrs. Louis Luderbach on St. Charles St.

Among those coming home from Ole Miss to spend the Christmas holidays with their parents in Bay St. Louis were Miss Virginia Seal and Miss Jane Blair and the Messrs. Harry Chapman, Ed Brignac, Luke Staehle, Bobby Boh, John Bell, Jr., Ray Steffel, Wally Burns, Sonny Wolfe, Gary Gilmore and C. J. Fayard.

Mr. and Mrs. Robert Camors and children left Wednesday for Jenerette, La., where they will spend Christmas with Mrs. Camors' parents, Mr. and Mrs. Carlyle Bourgeois. They will be away for a week.

Mr. Thomas Newton of Monroe, La. will arrive Friday to spend Christmas with his brother, Col. C. Newton, of North Beach and Mrs. Newton.

Mr. and Mrs. Herron Turnpseed, Miss Jean Rubin and Miss Betty Jane Nobe, who is studying music at the Peabody Conservatory in Nashville will be the guests of Mr. and Mrs. T. T. Robin at their home on Carroll Ave. for the holidays.

Mrs. John Crebbin and Miss Mattie Word of New Orleans who spent the week end at their summer home in Waveland, entertained Sunday afternoon with a Christmas party for a few friends.

Mrs. E. H. Singreen left Wednesday to spend Christmas with Dr. and Mrs. R. C. Walters in New Orleans.

Mrs. Max Barron of Charleston, West Va., is the guest of her parents, Col. and Mrs. William Bartram on North Second Street.

Mr. and Mrs. Rene deMontluzin will have as their guests for part of the holiday season Mrs. deMontluzin's mother, Mrs. Emily Hosmer and Mr. Harry Hosmer of Dallas, Texas.

Mr. and Mrs. William Holmes of Tuscaloosa, Ala., will arrive this week to spend Christmas with Mrs. Holmes' parents, Mr. and Mrs. N. M. Dick of Union Street. Mrs. Holmes will be a bridesmaid in the Clarke-Ford wedding on Wednesday of next week.

Mrs. Gladys Chapman will have as guests for Christmas her daughter, Mrs. Kenneth McIntosh and Mr. McIntosh and their young daughter of New Orleans.

Mr. and Mrs. E. N. Spence are leaving Friday for Birmingham, Ala., to spend Xmas week with Mrs. Spence's family. They will be the house guests of Mr. and Mrs. Sam Hutchinson.

Miss Pat Cox, who is home from the University of Alabama for the holidays, and Mrs. Lucien Cox and Mr. Cox, who are in the city, will be the guests of Mr. and Mrs. L. C. Cox on Thursday afternoon, in honor of Miss Kay Ford and Mr. James Clark whose wedding will be celebrated next week.

Mr. and Mrs. Donald Cash and daughter Lucy and Yvonne spent the week end at their home on Nicholson Ave. They will return again for the New Year week end.

Miss Mary Wolfe, Jr. and Mr. L. H. Bell, Jr. have issued invitations to a party at the Bay Waveland Yacht Club on Thursday, Dec. 21 at 8:00 p.m.

Miss Emma Kennedy, who will graduate from the LSU School of Music in June arrived in Bay St. Louis Wednesday to spend the Christmas holidays with her parents.

Chester James Touchard, son of Mrs. Mary Touchard, who is stationed at Denver, Col. at Lowery Base will arrive in New Orleans Christmas Eve where he will be met by his mother and sister, Cheryl. Mrs. Touchard and children will spend Christmas with her sister-in-law, Mrs. H. B. Robinson there.

Mr. and Mrs. George Wainwright entertained a large group of relatives and friends on the occasion of the first birthday of their son, Michael George on Sunday, Dec. 17.

Larry Schaff, son of Mr. and Mrs. Joseph Schaff of North Beach will spend Christmas in New Orleans where he will attend several of the social functions given for the younger set during the holidays.

Mr. and Mrs. Hardin Shattuck and Harry and Johnny will leave Saturday for Yazoo City where they will spend Christmas. They will return to Bay St. Louis on Tuesday.

Miss Mary deBenedetto has accepted a position with the Hancock County Bank in Gulfport and is residing with her sister Mrs. J. C. Roland and Mr. Roland in Long Beach.

Miss Gertrude Saucer came over from New Orleans last week to spend the Christmas holidays with her mother in St. Charles Street.

Among pre-nuptial parties for Miss Kay Ford next week will be the rehearsal supper at which Mrs. Fred Collins and Mr. and Mrs. B. A. Blaise will entertain on Tuesday night at the Blaise home on Carroll Avenue, and the brunch on Tuesday when Mr. and Mrs. Roger Boh will be hosts to the wedding party and out of town guests.

Miss Hope Crasto returned this week from Newcomb College and is with her mother, Mrs. Elizabeth Crasto at her home on North Beach for the Christmas holidays.

The class of '50 SJA will have a luncheon reunion at Watkin's Broadview Restaurant on Thursday, Dec. 28.

Coming from the Charity Hospital School of Nursing to spend the Christmas holidays with their families in Bay St. Louis are Miss Betty Bridge, Miss Louise Piazza and Miss Sheila Mitchell.

The Misses Margaret and Rita Boh are students at Maryville College of the Sacred Heart of St. Louis this year returned to Bay St. Louis this week to spend the holiday season at their home on North Beach.

Mr. A. P. Smith, son of Dr. and Mrs. A. P. Smith, left last week for Nashville, Tenn., with Mrs. Smith and their young son. They will make their home in that city where Mr. Smith is employed by the Lederle Laboratories.

Mrs. Marguerite Backman had as guests last Sunday Mr. and Mrs. A. B. Nunez of Violette, La., and their son, A. B. Nunez, Jr., Mr. and Mrs. Kelly Harp of New Orleans and Mr. and Mrs. Maurice Simon of Chalmette.

On Saturday night, Mrs. Backman entertained members of her family at a Christmas buffet supper at her home in Burnett Street. Mr. and Mrs. Jim Laroux and children, Jeanne, Jimmy and Michael, Mr. and Mrs. Edwin Laroux, Mr. and Mrs. Larry Laroux and daughter, Dorothy and Mr. Mark Solomon were Mrs. Backman's guests for the supper.

Larry Mauffray who is a student at St. Bernard's College at St. Bernard, Ala., arrived home last week and will be with his parents, Mr. and Mrs. Alden Mauffray for the holidays.

Mr. James Seghers of New Orleans formerly of Bay St. Louis spent Sunday evening here visiting friends. Of interest is the news that Mr. Seghers' son, Arthur, who is studying at the seminary at Cape Girardeau, Mo., will be with his parents in New Orleans for the Christmas holidays.

Mrs. Abbie Bing left Sunday for New Orleans to be with her daughter and family who were seriously injured in an automobile accident last week.

The Blue Bottle Studio has disbanded classes until after the Christmas holidays, when a new class will begin.

Mr. and Mrs. F. R. Curran and family of Bay View Court will leave this week for Shreveport where they will spend Christmas with Mrs. Curran's mother.

Mr. Ashley Henderson, Sr., and John T. Henderson, returned on Sunday to their home in Violet, La., with Mrs. Henderson, who had been spending some time here with her son-in-law and daughter, Mr. and Mrs. Edmond Blaine.

Ben Moore returned last week from Ole Miss and is at his home on Carroll Avenue for the Christmas holidays.

Mr. and Mrs. J. M. G. Kergesen will be in Bay St. Louis to spend Christmas with Mr. Kergesen's parents, Mr. and Mrs. Horace Kergesen on Carroll Ave. Phil Kergesen, who will be on leave from the Naval Academy at Annapolis, Md., will also spend the holidays with his parents.

Mr. John Kent Boyd of Kansas City has returned to his home after spending ten days with his parents, Mr. and Mrs. L. T. Boyd on Nicholson Ave.

Mr. and Mrs. Emmett Kergesen of Bogalusa will spend Christmas with Miss Clara Kergesen, who will have the members of the Kergesen family who are in Bay St. Louis as guests for Christmas dinner.

Mr. and Mrs. Frank Kiefer will have their sons Charles and Frank, Jr. with them at their home on Carroll Ave. for Christmas.

Mr. C. C. McDonald, Jr. had as guests for several days this week Mr. and Mrs. Gary Sutherland of Hattiesburg.

Lt. James K. Morland has returned from Denver, Colo., where he was stationed and is now on terminal leave in Bay St. Louis.

James McDonald is home from Mississippi State and is with his parents in North Beach for the holidays. Fred McDonald is expected from the University of Texas on Saturday.

Among out of town guests who were present at the Rotary Club Christmas Dinner Wednesday night was Miss Lorraine Lott of Kilm, winner of the Hadal Beauty Contest and former "Darling of LSU."

"LET'S DANCE" AT THE STAR THEATRE THIS WEEK END, DEC. 24-25-26

Boasting the exciting talents of Betty Hutton and Fred Astaire, Paramount's tinsel musical comedy "Let's Dance" arrives Sunday at the Star Theatre. Hailed as the year's top musical, with a hit-packed score by Frank Loesser, and a picture in color by Technicolor and features Roland Young, Ruth Warrick, Lucile Watson and six-year-old Gregory Mollitt in his screen debut.

Set against a colorful show business background, "Let's Dance" is the sprightly-paced story of an irrepressible hoodler, played by Astaire, whose ambition is to put away his dancing shoes and become a successful business man. This leads to a split with his bombastic partner, Betty Hutton, and a full cycle of laughs, tears, tunes and terpsichore before the two are reunited.

It's difficult to imagine anyone out-dancing perfection, but according to advance reports, Fred Astaire surpasses even his greatest performances with seven spectacular dance routines. The nimble-footed star who has been thrilling audiences for more than a score of years is said to reach the high point of his career.

Betty Hutton shares the spotlight with him, and for the first time on the screen demonstrates her hitherto unsuspected ability as a top-flight dancer. She joins the ranks of such celebrated Astaire partners as Ginger Rogers, Rita Hayworth, Judy Garland, Joan Crawford and many, many others.

In composing the entire musical score for "Let's Dance," Frank Loesser wrote six new songs including the already popular "Why Fight the Feeling," "Oh Them Dudes," "Can't Stop Talking," "Tunnel of Love," "The Hyacinth" and "Jack and the Beanstalk."

The supporting cast is headed by Barton MacLane and Shepherd Strudwick. Produced by Robert Fellows, "Let's Dance" was directed by Norman Z. McLeod and written for the screen by Allan Scott.

**WEDNESDAY BRIDGE CLUB LUNCHEON**  
The Wednesday bridge club met for their Christmas luncheon at the Reed Hotel on Monday, Dec. 18.

Before the luncheon, which was attended by ten members of the club, Christmas gifts were exchanged. The table was arranged with a centerpiece of Cyclamen and fern and individual place cards made by Mrs. Rene deMontluzin.

Having lunch together were Mrs. Richard Brennan, Mrs. Sam Whitfield, Mrs. Robert Camors, Mrs. deMontluzin, Mrs. Edmund Fahey, Jr., Mrs. Ed Porter, Mrs. Don McCulloch, Mrs. Hardin Shattuck, Mrs. Richard Shadoin, and Mrs. Dan Russell.

**BALTAR LUNCHEON AT YACHT CLUB**  
On Wednesday, December 13, Mrs. W. W. Baltar of North Beach was hostess to a large group of friends at the Bay-Waveland Yacht Club at one of the pre-Christmas luncheons.

After lunch there were seven tables of bridge and canasta.

Christmas decorations were carried out throughout the luncheon both in the attractive holiday table decorations and in the prizes which were wrapped as Christmas gifts, each being adorned with a Christmas corsage.

If the process continues there will soon be more organizations in the United States than there are people.

**NOTICE**  
We will be open until Eight O'clock Saturday Night but will be closed All Day Christmas Eve and Christmas Day.
